the study of the end times has been a popular topic for many years and there are many different positions that are proposed on how to understand the unfolding of god s program the debate over the end times has often been heated and has failed to showcase the best that christian scholarship has to offer it sometimes seems like everyone wants to get in on the action and anyone who has an audience can and has put together his thoughts and made his opinions known through the printed page anyone can publish his views regardless of the level of competency in the original languages his level of hermeneutic ability or his understanding of history or theology in his book the apocalypse code hank hanegraaff declares that his goal is to put hermeneutical tools into your

hands so that you can draw from scripture what god intends you to understand rather than uncritically accepting end time models that may well be foreign to the text it would be extremely helpful for someone to equip readers to be able to make their way through the maze of views what the bible really says is a point by point analysis of the arguments of hank hanegraaff concerning end times prophecy this book is not an effort to promote one eschatological perspective over another rather it is an analysis of hanegraaff's arguments and claims in order to discover whether or not he has succeeded in putting hermeneutical tools into the hands of his readers or whether he has simply added his voice and his opinions to the cacophony of claims and counterclaims

why is there so much confusion about how and when the rapture will take place what does the bible say for certain about this event when will the tribulation occur and who will face it there is a lot of discussion among christians about the rapture and the last days why all the different views and how do those perspectives line up with scripture tim lahay and thomas ice have assembled a team of longtime bible prophecy experts who look carefully to god's word for the answers in this book readers will discover what they can know for certain and as they consider the things that still remain uncertain they will gain a renewed trust that god knows what he is doing his plan is perfect and it will unfold in his timing an easy to understand resource that provides much needed clarification about the end times

the modern state of israel has been a nation for almost 70 years when she was formed and fought her early wars of existence most bible believing christians believed there was a real connection with what was going on in the middle east and bible prophecy that predicts an end time return of the jews to their land while support for israel remains high in most evangelical communities we are seeing the beginning of a decline especially among younger evangelicals who question whether modern israel really relates to end time bible prophecy the case for zionism attempts to bring together biblical historical and legal arguments for the legitimacy of the startup nation known as israel as it explains controversies such as antisemitism and replacement theology details the biblical and legal rights of modern israel explores the prophetic nature and future of israel in this presentation thomas ice answers many of the contemporary arguments being used by both secular and religious communities to undermine what he believes is the hand of god at work in our own day

cosmic christianity describes the relationship between the earthly and supra earthly cosmic worlds by showing the relationship between the cosmos as expressed in the movements of the stars and the activities of christ during his three years of ministry on earth the gesture of each astrological planet during those years is worked out and correlated with specific acts of the christ as recorded in the gospels the apparent looping movements of mercury for example are connected with the seven signs of st john s gospel the author goes on to explore the many ways in which these healing acts which have been inscribed in the heavens continue to work in evolution through the events of history and through our individual human lives by studying this we begin to understand our responsibility for developing the new christian mysteries and consequently renewing the starry cosmos sucher presents a real foundation for modern star wisdom topics include the evolution of cosmology the origins of the planetary symbols our new relationship to the stars as revealed in human lives and historical events and the role of the archangel michael in our individual relationship to the stars this is an excellent place to begin one s study of the stars and their meaning for both our individual lives and for the world
