specialists focus on Hungary's outstanding achievements in various fields notably technology literature and the arts and sport the volume includes a biographical dictionary map and illustrations

another title in the popular how to series this time an indispensable guide for each of us we all want to improve our performance whether it's to achieve fame fortune or just self satisfaction this book will guide you through all the necessary practical steps to not only realising your potential but also exceeding all your expectations along the way we look at geniuses from the past and take hot tips from them there are plenty of tests and games throughout to check your progress and sharpen up those brain cells so you'll be all set for passing those exams with flying colours Jonathan Hancock has twice made it into the Guinness Book of Records by performing amazing mental feats he

can memorize a pack of shuffled playing cards in less than a minute and still holds the world record for remembering people's names he has written several books about the brain and lectures on how we can improve our performance

could you be a genius this book explores the nature of this mysterious quality and how it differs from intelligence and helps you find out whether you are a genius

excerpt from the genius about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

unlike some other reproductions of classic texts 1 we have not used ocr optical character recognition as this leads to bad quality books with introduced typos 2 in books where there are images such as portraits maps sketches etc we have endeavoured to keep the quality of these images so they represent accurately the original artefact although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy

the genius mind is focus on uncovering the mysteries around the greatest geniuses of our time such as da vinci mozart and einstein decoding the secrets that influenced their mind and unlocking the concept of space and time the unconscious and mother nature are link together and deliver the keys to understand the universe and the dark substance or the air is the vehicle that deliver the messages to read the universe and bring the cosmos together as once during this intense dialogue the geniuses are discussing the presence of a superior force and why we are connected with the cosmos within ourself

be curious be imaginative be determined develop your talents by drawing inspiration from the greatest of geniuses in a world that changes quickly the future belongs to those who have an open flexible mind like john lennon they will imagine the impossible like walt disney they will work as a team and like copernicus they will be able to think backwards if you're worried you might not be up to the job have no fear this fascinating book will show you the way meet 27 geniuses from different eras and disciplines artists scientists thinkers or writers and learn from their creative methods packed with facts games and activity ideas to boost your intelligence creative inventive and critical thinking skills this book will show you that you can become absolutely awesome at whatever you put your mind to
