although most language programs make placement decisions on the basis of placement tests there is surprisingly little published about different contexts and systems of placement testing the present volume contains case studies of placement programs in foreign language programs at the tertiary level across the united states the different programs span the spectrum from large programs servicing hundreds of students annually to small language programs with very few students the contributions to this volume address such issues as how the size of the program presence or absence of heritage learners and population changes affect language placement decisions

a comprehensive standard reference on the theory and principles of testing this edition was originally published by ace macmillan in 1989 revising and updating the second edition of 1971 the volume is divided into three sections covering theory and general principles administration and scoring and applications discussed in detail is how computer technology can be the primary tool for successfully integrating testing with instruction each of the 18 in depth articles is followed by an extensive bibliography of references annotation copyright by book news inc portland or

includes regular and extra sessions

the present work reports on one phase of an inquiry carried on from 1924 to 1927 by the modern foreign language study and the canadian committee on modern languages working with subventions granted by the carnegie corporation of new york and under the sponsorship of the american council on education the two committees sought to explore as fully as circumstances permitted the situation of modern language teaching in the united states and canada in respect to enrollment standards of achievement the objectives organization materials and methods of instruction and the training of teachers the ultimate object of the investigation was to ascertain the conditions now prevailing in order to be able to draw conclusions for the future and to make suggestions for improvement in instruction as it was necessary to bring the inquiry to an end within a period of three years the committees were obliged to limit their activities in the main to the secondary schools and the corresponding levels of college instruction
