transform into a cloud savvy professional by mastering cloud technologies through hands on projects and expert guidance paving the way for a thriving cloud computing career get with your book pdf copy ai assistant and next gen reader free key features gain a solid foundation in cloud computing with a structured easy to follow guide develop practical skills across aws azure and google cloud covering compute storage networking data security and ai work on real life industrial projects business use cases and personal cloud career development book descriptionas cloud computing continues to revolutionize it professionals face the challenge of keeping up with rapidly evolving technologies this book provides a clear roadmap for mastering cloud concepts developing hands on expertise and obtaining professional certifications making it an essential resource for those looking to advance their careers in cloud computing starting with a focus on the amazon cloud you ll be introduced to fundamental aws cloud services followed by advanced aws cloud services in the domains of data machine learning and security next you ll build proficiency in microsoft azure cloud and google cloud platform gcp by examining the common attributes of the three clouds differentiating their unique features along with leveraging real life cloud project implementations on these cloud platforms through hands on projects and real world applications you ll gain the skills needed to work confidently across different cloud platforms the book concludes with career development guidance including certification paths and industry insights to help you succeed in the cloud computing landscape walking through this cloud computing book you ll systematically establish a robust footing in aws azure and gcp and emerge as a cloud savvy professional equipped with cloud certificates to validate your skills what you will learn develop core skills needed to work with aws azure and gcp gain proficiency in compute storage and networking services across multi cloud and hybrid cloud environments integrate cloud databases big data and machine learning

services in multi cloud environments design and develop data pipelines encompassing data ingestion storage processing and visualization in the clouds implement machine learning pipelines in multi cloud environment secure cloud infrastructure ecosystems with advanced cloud security services who this book is for this book is ideal for it professionals looking to transition into cloud computing as well as experienced cloud practitioners seeking to deepen their knowledge whether you're a beginner with basic computing experience or an industry professional aiming to expand your expertise this comprehensive guide provides the skills and insights needed to excel in the cloud domain

the ninth edition of the music business handbook and career guide maintains the tradition of this classic text as the most comprehensive up to date guide to the music industry and includes greater coverage of digital technology and its implications for the music industry including digital downloads changing production technologies marketing via social networking and new distribution channels new business models and their implications including the topics of internet outlets the independent musician the evolving role of producers and satellite and internet radio additional and updated information on careers especially in context of a changing business environment the breadth of coverage that this book offers is unlike any resource available which is why the music business handbook is the best selling text for any course dealing with the music industry

lara douds examines the practical functioning and internal political culture of the early soviet government cabinet the council of people's commissars sovnarkom under lenin this study elucidates the process by which sovnarkom's governmental decision making authority was transferred to communist party bodies in the early years of soviet power and traces the day to day operation of the supreme state organ the book argues that sovnarkom was the principal executive body of the early soviet government until the politburo gradually usurped this role during the civil war using a range of archival source material lara douds re interprets early soviet political history as a period where fledgling soviet

rather than simply communist party power was attempted but ultimately failed when pressures of civil war and socio economic dislocation encouraged the centralising and authoritarian rather than democratic strand of bolshevism to predominate inside lenin s government explores the basic mechanics of governance by looking at the frequency of meetings types of business discussed processes of decision making and the administrative backdrop as well as the key personalities of sovnarkom it then considers the reasons behind the shift in executive power from state to party in this period which resulted in an abnormal situation where as leon trotsky commented in 1923 leadership by the party gives way to administration by its organs

seamlessly blending academic rigour and practicality this textbook provides an introduction to global business strategy assuming a born global perspective global strategic management is supported by ample pedagogical features including numerous case studies and examples featuring both established multinationals and unknown smes from across the globe the book takes an applied approach to global business strategy emphasising functional parts of international business managing marketing operations hr and finance the text has been widely updated to incorporate the impacts of the covid 19 pandemic such as work from anywhere and deglobalization new to this fifth edition is increased material on sustainability and corporate social responsibility including discussion of climate change ngos and sustainable development goals subjects such as the impact of technology cryptocurrency and global strategy in the digital space are discussed in more detail while the conflict in ukraine is also considered

rock of pages provides contexts and close readings of 1980s heavy metal with forty years of hindsight drawing upon analytical frameworks usually associated with literature and literary studies based on decades of work as a professor of literature and as a musician jesse kavadlo analyzes the ways in which 1980s heavy metal aligns with and develops many of the themes prevalent in the canon of literature in doing so the book examines some of the contexts of 1980s heavy metal

including cold war the rise of mtv and the formation of the parents music resource center pmrc and subsequent congressional hearings rock of pages takes the pmrc s own objections to heavy metal and uses them as titles and topics to analyze the intersections between heavy metal and literature representations of violence but the connected concerns about justice images of substance abuse and the interrelated issues of obsession madness suicidal ideation sex and love with concomitantly representations of women and relationships between men and women and the references to the occult with the depictions of satan the afterlife and morality on earth itself in doing so the book suggests that 1980s heavy metal displayed more artistry and intelligence than people imagine but that literature is rebellious and subversive as well

analyzes the relationship between charles manson music and 1960 s counterculture

the role of behavioral and social sciences in the courtroom setting has expanded exponentially in the past few decades it is now widely recognized that scientists in these areas provide critical contextual information for legal decision making and that there is a reliable knowledge base for doing so while there are many handbooks of forensic psychology this is the first such volume to incorporate sociological findings broadening the conceptual basis for examining cases in both the civil and criminal realms including immigration issues personal injury child custody and sexual harassment this volume will examine the responsibilities of expert witnesses and consultants and how they may utilize principles theories and methods from both sociology and psychology it will show these disciplines together can improve the identification and apprehension of criminals as well as enhance the administration of justice by clarifying profiles of criminal behavior particularly in cases of serial killers death threat makers stalkers and kidnappers the volume is quite comprehensive covering a range of medical school environmental and business settings throughout it links basic ideas to real applications and their impact on the justice system

matthias smalbrugge compares modern images to plays without a script while they appear to refer to a deeper identity or reality it is ultimately the image itself that truly matters he argues that our modern society of images is the product of a destructive tendency in the christian notion of the image in general and augustine of hippo s in particular this insight enables him to decode our current scripts of image as we live in an increasingly visual culture we are constantly confronted with images that seem to exist without a deeper identity or reality but did this referential character really get lost over time smalbrugge first explores the roots of the modern image by analysing imagery what it represents and its moral state within the framework of platonic philosophy he then moves to the augustinian heritage in particular the soliloquies the confessions and the trinity where he finds valuable insights into images and memory he explores within the trinitarian framework the crossroads of a theology of grace and a theology based on neoplatonic views smalbrugge ultimately answers two questions what happened to the referential character of the image and can it be recovered

the nine essays that make up this volume provide cutting edge studies of how sacred tradition is given new expression through vision and interpretation the first four essays focus on the expansion of the sacred tradition primarily through vision the evolution of the solomon legacy from wise king to healer and exorcist is explored as well as its contribution to the demonology of the desert fathers especially as it concerns eroticism and sexual temptation the varied receptions of the revelation of the magi and shepherd of hermas are also considered the remaining five essays address important questions relating to polemic and violence in the pseudepigrapha how does the author of the liber antiquitatum biblicarum justify god s alternating judgment and favor how does enoch s animal apocalypse make use of the exodus tradition in its expression of deliverance on what basis can the author of qumran s war scroll confidently predict israel s vindication and finally what accounts for the appearance of the tradition of gehenna in which the wicked will meet their

using social cognitive theory of gender development scripting theory and heterosexual script theory as a framework scripting adolescent romance presents methods and analyses of data from in depth interviews with 16 high school and young college students and focus groups with over 100 individuals in this age group

beyond princess culture gender and children s marketing explores the impact of a post princess space examining potential agency and empowerment in the products users while acknowledging that at least some alternatives continue to perpetuate components of the rigidly gender coded princess culture this book collectively critiques the commodification of the post princess child consumer through analysis of historical and contemporary toys video games clothing websites and other popular culture phenomena guided by theories from feminist and gender studies beyond princess culture demonstrates how the marketing of children s products has and continues to perpetuate and challenge hegemonic notions of gender race ethnicity ability and other positions of intersectionality as situated in the social economic and historical contexts

now in paperback school violence has become our new american horror story but it also has its roots in the way it comments on western values with respect to violence shame mental illness suicide humanity and the virtual beyond columbine school violence and the virtual offers a series of readings of school shooting episodes in the united states as well as similar cases in finland germany and norway among others and their relatedness the book expands the author s central premise from her earlier book failure to hold which explores the hidden curriculum of american culture that is rooted in perceived inequality and the shame rage and violence that it provokes in doing so it goes further to explore the united states outdated perceptual apparatus based on a reflective liberal ideology and presents a new argument about

proprioception the combined effect of a sustained lack of thought non cognitive in action that is engendered by digital media and virtual culture the present interpretation of the virtual is not limited to video games but encompasses the entire perceptual field of information sharing and media stylization e g social networking television and branding more specifically american culture has immersed itself so thoroughly in a digital world that its violence and responses to violence lack reflection to the point where it confuses data with certainty school related violence is presented as a dramatic series of events with columbine as its pilot episode

we have here a diverse distinctive collection of essays concerned with the human implications and on the ground entanglements of life under globalization that seemingly intractable but unavoidable phenomenon crispin thurlow university of bern switzerland

highly commended society for renaissance studies biennial book prize 2022 in sixteenth and seventeenth century england the female silhouette underwent a dramatic change this very structured form created using garments called bodies and farthingales existed in various extremes in western europe and beyond in the form of stays corsets hoop petticoats and crinolines right up until the twentieth century with a nuanced approach that incorporates a stunning array of visual and written sources and drawing on transdisciplinary methodologies shaping femininity explores the relationship between material culture and femininity by examining the lives of a wide range of women from queens to courtiers farmer s wives and servants uncovering their lost voices and experiences it reorients discussions about female foundation garments in english and wider european history arguing that these objects of material culture began to shape and define changing notions of the feminine bodily ideal social status sexuality and modesty in the early modern period influencing enduring western notions of femininity beautifully illustrated in full colour throughout shaping femininity is the first large scale exploration of the materiality production consumption and meanings of women s foundation garments in sixteenth and

seventeenth century england it offers a fascinating insight into dress and fashion in the early modern period and offers much of value to all those interested in the history of early modern women and gender material culture and consumption and the history of the body as well as curators and reconstructors
