the king s indian is a hugely popular opening at all levels of chess rather than attempting to secure early equality black is fighting for the initiative from the very first moves white is allowed to build up an early central advantage but black relies on the middlegame hoping that the central installations that white has constructed will become unwieldy and vulnerable to a devastating counterattack in many variations white pursues material or strategic gains but in return black has tactical and attacking opportunities the king s indian defence appeals to players who arrive at the board prepared for a fight the move by move series provides an ideal format for the keen chessplayer to improve their game while reading you are continually challenged to answer probing questions a method that greatly encourages the learning and practising of vital skills just as much as the traditional assimilation of chess knowledge carefully selected questions and answers are designed to keep you actively involved and allow you to monitor your progress as you learn this is an excellent way to study chess while providing the best possible chance to retain what has been learnt everything you need to know about

the king s indian defence the q and a approach emphasizes plans and strategies written by an expert on the opening

welcome to tiger s den tigran petrosian the ninth world chess champion was one of the deepest thinkers the chess world has ever seen his handling of complex strategic positions was legendary now for the first time russian international master igor yanvarjov has put together a superb collection of virtually all the known games played by petrosian with both colors in the king s indian defense and other closely related indian structures the author s objective was first of all to reveal the richness of petrosian s chess world and to follow the strategic development of the king s indian defense through the prism of petrosian s creative work he does this with the presentation of almost 300 deeply annotated complete games contents include preface by levon aronian foreword by igor zaitsev the classical variation the s  misch system the fianchetto variation the benoni other systems portrait of a chess player lessons from petrosian the problem of the exchange furman s bishop pawns are the soul of chess playing by analogy maneuvering battle experiments realist or romantic the king s indian with colors and flanks reversed appendix index of tabiyas eco opening tabiya indexes this splendid collection of annotated games will not only have enormous appeal to king s indian aficionados but to all chessplayers who wish to expand their understanding of the strategic concepts underpinning the royal game as a whole

i love playing the king s indian but no one ever allows me to reach my favourite opening does this sound like an all too familiar complaint the answer to this problem lies here the truth is you will reach your favourite opening in barely half the games you play against 1 d4 and that s why this book is a godsend to those players fed up with blindly searching for the right way to play against annoying white systems designed to avoid the main lines yelena dembo deals with them in no uncertain terms offering black no nonsense solutions that enable you to face the future with confidence

while books on the king s indian defence abound chess theoreticians have tended to ignore or give short shrift to the unconventional variations but such variations are encountered in more than a third of the games actually played at the club level the unconventional lines are even more common so that any king s indian player who is not prepared to meet these systems will be at a serious disadvantage john watson remedies the previous lack of attention to these unconventional lines he offers the player of black a complete and detailed repertoire versus every unconventional white move order he covers such popular lines as the kramer system the bd3 system h3 systems as well as club favourites such as the torre attack and the london system he provides an extraordinary number of original suggestions and his new analysis often overturns the assessments of older theory to help the reader find a repertoire to fit his or her own taste the book gives at least distinct solutions to each white system corresponding to different styles of play beyond the presentation of variations each chapter has a discussion of recurring positional ideas the examples are carefully chosen to illustrate distinct strategies so that the reader will be familiar with all of the main ideas associated with a position thus players on either side of the king s indian defence will not only gain the advantage over prospective opponents but will enhance their understanding of this ever

popular opening international master john watson is widely known as a player author and chess trainer his books have won numerous awards including book of the year awards for secrets of modern chess strategy and chess strategy in action

a comprehensive guide of chess history famous games and players rules strategy tactics chess and the computer documentation and literature variants chess the game of kings is a board game for two players which requires 32 chesspieces or chessmen and a board demarcated by 64 squares gameplay does not involve random luck consisting solely of strategy see also tactics and theory chess is one of humanity s more popular games it is has been described not only as a game but also as both art and science chess is sometimes seen as an abstract wargame as a mental martial art

introduces readers to the imagination of a popular prolific american writer

the much awaited sequel to the best selling book formation attacks has arrived formation attack strategies is another 500 page book full of great attack information with 579 fabulous attack games from all openings and all eras the games provided in the book came from an in depth global search for unique inspirational and original attacks from some of the world s greatest attackers many of the them toil in remote areas of the planet and have only a local following let me introduce you to attacking players like guy west of new zealand marc esserman of boston ma liu wenzhe of china kevin seidler of denver co manuel bosboom of the netherlands dharshan kumaran of india padre murphy of ireland to name a few the book also contains discussions about many attack philosophies attack strategy and planning identification and exploitation of weaknesses and so much more if you are one of the many people who love my last book you will be ecstatic about formation attack strategies

a first of its kind encyclopedia for chess players this volume features detailed explanations and invaluable illustrations for new chess players those intent on improving their games and anyone who needs to brush up on both the basics and more advanced play 140 detailed illustrations

the king s indian defence is a favourite with attacking players and has formed a major part of the repertoires of many great players including bobby fisher and gary kasparov the classical variation is the most popular line in the king s indian and it leads to complex positions in which good preparation is vital here john nunn takes a thorough look at the variation providing many new ideas for both white and black

the king s indian defence is arguably the most ambitious and exciting way to play against 1 d4 black wants to start an early attack on his opponent s king relying on the dynamic potential of his position the kid has been a favourite of legendary attacking players such as

mikhail tal bobby fischer and garry kasparov and remains highly popular at club level respected grandmaster and acknowledged chess opening expert victor bologan presents a complete king s indian repertoire for black that is much more than just a lucidly explained and very playable set of responses in many lines he presents two options to handle the black position bologan s explanations are accessible for a wide range of players and he provides the reader with a thorough grounding in the strategic and tactical motifs white players can benefit from this book as well since he looks at things from both sides during his research bologan has found many new ideas and resources with this book under your belt you can go to your next tournament with confidence you will win many exciting games with bologan s king s indian

the king s indian attack is recommended by chess trainer mark dvoretzky as a good basis for building an opening repertoire this opening should be ideal for players who want to master a system based on thematic ideas

chess strategies for playing the white and black side of the king s indian defense

a crucial decision spared chess grandmaster david bronstein almost certain death at the hands of the nazis one fateful move cost him the world championship russian champion mark taimanov was a touted as a hero of the soviet state until his loss to bobby fischer all but ruined his life yefim geller s dream of becoming world champion was crushed by a bad move against fischer his hated rival yuri averbakh had no explanation how he became the world s oldest grandmaster other than the quixotic nature of fate vasily smyslov the only one of the five to become world champion would reign for just one year fortune he said gave him pneumonia at the worst possible time this book explores how fate played a capricious role in the lives of five of the greatest players in chess history

in recent years the theory of the king s indian defence has undergone a remarkable transformation with whole new defensive systems being introduced to grandmaster practice this topical book by one of england s leading young theoreticians deals with each of these new discoveries over 40 illustrative games are used to highlight key points raised graham burgess is the author of the complete alekhine

the ever popular king s indian defence is a favorite among club players and world champions alike this highly topical book presents an easy to learn repertoire for black which will allow players with a limited amount of time to study chess to play the king s indian with confidence

the king s indian defence is one of the great classical counter attacking openings the most aggressive world champions including mikhail tal bobby fischer and garry kasparov have all scored brilliant knockout victories with this opening in this book the highly experienced coach international master andrew martin explains the basic ideas behind all the different variations that occur after 1 d4 nf6 2 c4 g6 3

nc3 bg7 4 e4 d6 the focus on strategic elements such as pawn structures attacking plans and typical piece manoeuvres allows the reader to quickly gain an excellent feel for this complex opening first steps is an opening series that is ideal for improving players who want simple and straightforward explanations first steps emphasizes the basic principles the basic strategies the key tricks and traps first steps books are based around carefully selected instructive games which demonstrate exactly what both sides are trying to achieve there is enough theory to enable the improving player to get to grips with the opening without feeling overwhelmed if you want to take up a new opening first steps is the ideal place to start
