arguing that student evaluation is an integral part of teaching this text is designed to provide teachers with a concise presentation of assessment principles which specifically relate to instruction and an overview of current research and new directions in the field of assessment

brief and practical this popular book focuses on what classroom assessment is and how to do it and bridges the gap between testing a learner s knowledge of particular information and measuring his or her ability to transfer knowledge and think strategically coverage encompasses all of the issues surrounding the use of classroom assessments validity reliability bias impact through targeted discussions that address everything prospective teachers need to know

completely yet succinctly the authors offer a comprehensive menu of techniques for assessing not only what learners know but also how they think how they perform and how they apply what they know within authentic real world contexts for individuals administering tests and implementing other measurements tools for the assessment of students in elementary and middle schools

the special mission of assessment in the classroom is to show how assessment principles apply to the full range of teacher decision making from organizing the class as a social system to planning and conducting instructions to the formal evaluation of learning and finally to grading the goal is to show students that assessment is an everyday ongoing part of their teaching not some esoteric affair that is divorced from their daily routine with this in mind the following features have been built into this text

airasian presents complex concepts clearly so that pre service teachers can understand them and solidly grounds these concepts in best practice through practical real well integrated examples he talks to not at users the text conceives of classroom assessment in a broader way than many other texts it focuses not only on the assessment needs of testing grading interpreting standardized tests and performance assessments but also on assessment concerns in organizing a classroom at the start of school planning and implementing instruction and strategies of teacher self reflection it views classroom assessment as an everyday ongoing integral part of teaching not something that is separated from life in classrooms the text is organized in a manner that follows the natural progression of teacher decision making from organizing the class as a learning community to planning and conducting instruction to the formal evaluation of learning and finally to grading
