arguing that student evaluation is an integral part of teaching this text is designed to provide teachers with a concise presentation of assessment principles which specifically relate to instruction and an overview of current research and new directions in the field of assessment

the special mission of assessment in the classroom is to show how assessment principles apply to the full range of teacher decision making from organizing the class as a social system to planning and conducting instructions to the formal evaluation of learning and finally to grading the goal is to show students that assessment is an everyday ongoing part of their teaching not some esoteric affair that is divorced from their daily routine with this in mind the following features have been built into this text

brief and practical this popular book focuses on what classroom assessments and how to do it and bridges the gap between testing a learner's knowledge of particular information and measuring his or her ability to transfer knowledge and think strategically coverage encompasses all of the issues surrounding the use of classroom assessments validity reliability bias

impact through targeted discussions that address everything prospective teachers need to know completely yet succinctly the authors offer a comprehensive menu of techniques for assessing not only what learners know but also how they think how they perform and how they apply what they know within authentic real world contexts for individuals administering tests and implementing other measurements tools for the assessment of students in elementary and middle schools

the missing link to determining a company's real value most people at the table know how to carry out financial and legal due diligence only the accomplished investors come prepared with an in depth understanding of the complete due diligence process operations due diligence is a game changing guide for investors who need a fully accurate determination on the sustainability of a business written by a hands on operations executive who has successfully implemented process improvement programs at large and small businesses this practical guidebook sets itself apart by providing a step by step strategy for analyzing the toughest area of a business to assess its operations unlike financial and legal due diligence there were no principles such as law and accounting to guide operations due diligence until now this turnkey approach based on a pragmatic series of almost 400 questions helps you accurately assess the infrastructures of a business's customer satisfaction production information management sales and marketing organization and personnel as well as its finances and legal operations for managers and business owners looking to improve the sustainability of their business this guided inquiry serves as a thorough operations checklist to next level performance whether you are an investor trying to capture a new opportunity with minimal risk or an executive struggling to improve your business operations due diligence gives you a distinct advantage by going a step further than most books and illustrating how to analyze your discoveries using historic examples to make the lessons both understandable and memorable clearly explaining how and why each sector is an important indicator of the long term sustainability of a business conveniently locating infrastructure summary questions at the end of chapters for quick reference providing a document checklist so nothing gets overlooked at the negotiating table the highest valued companies and their investors know that producing the best products and services isn't enough survival depends on continually improving infrastructure through operations due diligence

airasian presents complex concepts clearly so that pre service teachers can understand them and solidly grounds these concepts in best practice through practical real well integrated examples he talks to not at users the text conceives of classroom assessment in a broader way than many other texts it focuses not only on the assessment needs of testing grading interpreting standardized tests and performance assessments but also on assessment concerns in organizing a classroom at the start of school planning and implementing instruction and strategies of teacher self reflection it views classroom assessment as an everyday ongoing integral part of teaching not something that is separated from life in classrooms the text is organized in a manner that follows the natural progression of teacher decision making from organizing the class as a learning community to planning and conducting instruction to the formal evaluation of learning and finally to grading
