formerly published by chicago business press now published by sage business society integrates business and society into organizational strategies to showcase social responsibility as an actionable and practical field of interest grounded in sound theory in corporate america today social responsibility has been linked to financial performance and is a major consideration in strategic planning this innovative eighth edition ensures that business students understand and appreciate concerns about philanthropy employee well being corporate governance consumer protection social issues and sustainability helping to prepare them for the social responsibility challenges and opportunities they will face throughout their careers the author team provides the latest examples stimulating cases and unique learning tools that capture the reality and complexity of social responsibility students and instructors prefer this book due to its wide range of featured examples tools and practices needed to develop and implement a socially responsible approach to business

offering a wide array of theoretical perspectives and methods a broad range of resources and both classic and contemporary studies this fully updated fourth edition uses the open systems approach to provide readers with a framework for understanding and analyzing the book s disparate topics edited by jeanne h ballantine and joan z spade both of whom actively teach sociology of education courses this text includes dozens of readable articles that illustrate major concepts and theoretical perspectives in the field

this book in memory of f donald logan explores different aspects of christian culture and society in england from the twelfth to the sixteenth century although this period

has traditionally been interpreted in terms of decline and decay this excessively gloomy picture has slowly given way over the last eighty years or so to a more positive view of christian civilization during these centuries the twenty two studies brought together here seek to build on this ongoing reassessment of later catholic england especially in those areas in which professor logan himself had done so much to deepen our understanding of christian english society contributors are travis baker caroline barron nicholas bennett barbara bombi paul brand janet burton james g clark karen corsano virginia davis charles donahue jr anne j duggan joan greatrex diana greenway michael haren r h helmholz philippa hoskin henry ansgar kelly frederik pedersen seymour phillips michael j p robson jens röhrkasten jane sayers r n swanson daniel williman and patrick zutshi
