this book describes how american and japanese management ideologies meet collide and contend in the process of competitive cooperation during a joint venture in japan in a detailed case study hamada describes the very real problems when japanese and american managers run a business operation and analyzes them from a comparative relativistic and

historical perspective the author presents a novel and effective way of viewing organizational dynamics seeing the unfinished cultural process between different sub groups who create and recreate the symbolic meanings of corporate phenomena her succinct analysis of japanese and american behavioral modes makes both practical and theoretical contributions to the field of international management highlighting the interdependence between corporate culture and broader societal culture hamada looks closely at interactions between american and japanese businessmen analyzes their cultural differences and proposes that these differences can be viewed not just as a source of continuing conflict but of dynamic cooperation

the third volume in a magisterial five volume study of the political economy of american warfare

from the colonial era to 1914 america was a debtor nation in international accounts owing more to foreigners than foreigners owed to us by 1914 it was the world s largest debtor nation mira wilkins provides the first complete history of foreign investment in the united states during that period the book shows why the united states was attractive to foreign investors and traces the changing role of foreign capital in the nation s development covering both portfolio and direct investment the immense new wave of foreign investment in the united states today and our return to the status of a debtor nation once again the world s largest debtor nation makes this strong exposition far more than just historically interesting wilkins reviews foreign portfolio investments in government securities federal state and local and in corporate stocks and bonds as well as foreign direct investments in land and real estate manufacturing plants and even such service sector activities as accounting insurance banking and mortgage lending she finds that between 1776 and 1875 public sector securities principally federal and state securities drew in the most long term foreign investment whereas from 1875 to 1914 the private sector was the main attraction the construction of the american railroad system called on vast portfolio investments from abroad there was also sizable direct investment in mining cattle ranching the oil industry the chemical industry flour production and breweries as well as the production of rayon thread and even submarines in addition there were foreign stakes in making automobile and electrical and nonelectrical machinery america became the leading industrial country of the world at the very time when it was a debtor nation in world accounts
