how to restore ethics the rule of law and democracy as the centerpieces of u s government u s government has been repeatedly renewed sometimes simply repaired and other times reinvented during its over 230 years major aspects of the federal system were broken again during the four years of the trump

administration so it's time for even more fixes this book sets out the damage that was done and important ideas on how the repairs should be made focusing on ethics the rule of law and democracy distinguished scholars and practitioners have come together not only to address what went awry over the past four years but also the deeper weaknesses that have become more evident and how those weaknesses can be repaired the problem areas range from ethics and conflicts of interest to the Hatch Act and big money in politics and from independence at the Department of Justice and government transparency to reestablishing congressional oversight and the government's role in the broader areas of how Americans vote and of international ethics and rule of law overcoming Trumpism provides a framework to understand the significant developments that are already happening in Washington with respect to ethics the rule of law and democracy these include the For the People Act the Protecting Our Democracy Act and President Biden's executive order on ethics the ideas outlined in this book for fixing flaws in federal governance come from the more than century of collective experience of its expert authors the book represents a burst of sunshine after a very dark period in the nation's history

The surprise election of Donald J. Trump to the presidency of the United States marks a singular turning point in the American Republic not only because of his idiosyncratic approach to the office but also because the Republican Party now holds the presidency and both houses of Congress presenting a historic opportunity for change the role of older Americans has been critical in both shaping and reacting to this political moment their political orientations and behaviors have shaped it through their electoral support for Republican candidates but older Americans stand as highly invested stakeholders in the policy decisions made by the very officials they elected and as beneficiaries of the programs that Republicans have targeted for cuts or elimination this comprehensive volume explores the ways in which Trump administration policies are likely to significantly undermine the social safety net for near elderly and older Americans including long term care housing health care and retirement the authors also explore how the Trump administration might shape politics and political behavior through the policy changes made the response of older voters in upcoming elections to efforts by the Trump administration and its Republican allies in Congress to draw back on the federal government's commitment to programs and policies affecting them will shape the direction of aging policy and politics for years to come this book was originally published as a special issue of the Journal of Aging Social Policy

This book vividly elucidates the inseparable nature between politics and sport in China the holding of sporting mega events is viewed by the Chinese authorities as a prominent way to push forward the reform and opening up arouse the patriotism among the public and display national resurgence in the world Chinese cities thus have keenly quested for the Olympics the Asian Games and the World University Games since the 1980s theoretically the president the premier and the central government should provide all out support so boosting the Chinese cities odds of success the reality yet shows that their attitude towards the bids vary from case to case through reviewing the 20 bidding cases this book aims to demystify the reasons behind the findings provide an in depth account of 1 how domestic and international political factors determine the state leaders blessing and silence as well as the central government's backing indifference and opposition and 2 how the bids for the sporting mega events are used to serve the broader political goals of the Chinese authorities at home and abroad
