business in the contemporary legal environment is a well written comprehensive coursebook providing complete coverage of the areas typically included in a one semester legal environment course the authors explain various areas of the law in plain english with an emphasis on the implications and applications of these areas in a business setting a combination of classic and contemporary cases clearly illustrates how the law is applied in addition helpful discussion questions and you decide questions at the end of each chapter teach students how to identify and analyze legal issues that are frequently encountered in business thoughtful pedagogy and well designed exhibits throughout the book help make the concepts easier to understand new to the fourth edition new contemporary cases are included throughout the book focusing on current and timely issues coverage dedicated to diversity and inclusion thoughtfully integrated into the text several chapters discuss technology issues including protecting employee passwords chapters 12 and 20 punishing computer crimes chapter 13 and protecting technology chapters 8 and 20 students are asked to consider the impact of artificial intelligence ai in several chapters part iii on contracts streamlined to make the content even more accessible and teachable professors and students will benefit from student friendly introduction to those legal topics most relevant to businesspeople effective use of cases every chapter begins with a classic case a case from the past that helped to set the precedents for the material covered in the chapter the authors then conclude each chapter with a contemporary case a recent decision that shows a current application of one of the principles discussed in the chapter

the authors wrote the facts issues and holdings and excerpted the reasons from the court opinion to make the cases more manageable an ounce of prevention strategy boxes discuss situations that frequently occur in a business environment and strategies for handling those situations in a manner that will reduce potential legal problems you decide questions based on current issues in the news engage students with high interest and relevant topics good balance between court cases and author written text exercises and examples that help students to identify and analyze legal issues that are frequently encountered in business helpful exhibits that summarize concepts but don t overwhelm the text thoughtful classroom tested text written by an experienced author team helpful glossary of legal terms

text for undergraduate legal environment courses for business law students

this book addresses issues concerning the shifting contemporary meaning of legal certainty the book focuses on exploring the emerging tensions that exist between the demand for legal certainty and the challenges of regulating complex late modern societies the book is divided into two parts the first part focusing on debates around legal certainty at the national level with a primary emphasis on criminal law and the second part focusing on debates at the transnational level with a primary emphasis on the regulation of transnational commercial transactions in the context of legal modernity the principle of legal certainty the idea that the law must be sufficiently clear to provide those subject to legal norms with the means to regulate their own conduct and to protect against the arbitrary use of public power has operated as a foundational rule of law value even though it has not always been fully realized legal certainty has functioned as a core value and aspiration that has structured normative debates throughout political modernity both at a national and international level in recent decades however legal certainty has come under increasing pressure from a number of competing demands that are made of contemporary law in particular the demand that the law be more flexible and responsive to a social environment characterized by rapid social and technological change the expectation that the law operates in new transnational contexts and regulates every widening sphere of social life has created a new degree of uncertainty and this change raises difficult questions regarding both the possibility and desirability of legal certainty this book compiles in one edited volume research from a range of substantive areas of civil and criminal law that shares a common interest in understanding the multi layered challenges of defining legal certainty in a late modern society the book will be of interest both to lawyers interested in understanding the transformation of core rule of law values in the context of contemporary social change and to political scientists and social theorists

this collection of 60 current readings explores the important contemporary perspectives and issues in the field of human resources management from a decidedly applied rather than scholarly orientation the readings include a mix of recently published articles from journals in the field along with many articles written specifically for the book it addresses such issues as corporate culture values employee rights and responsibilities ethics the nature of the changing employment relationship mergers and acquisitions and employee cynicism and how such factors influence the practice of hrm overview of human resources management perspectives on human resources management the contemporary legal environment the labor market and the changing workforce human resources planning and staffing performance evaluation and management compensation and reward systems human resources development labor relations in contemporary work environments rights responsibilities values and ethics organization culture and change work environment stressors support safety and health employee attitudes organizational exit performance and effectiveness for personnel and human resources managers

current legal issues like its sister volume current legal problems is based upon an annual colloquium held at university college london each year leading scholars

from around the world gather to discuss the relationship between law and another discipline of thought each colloquium examines how the external discipline is conceived in legal thought and argument how the law is pictured in that discipline and analyses points of controversy in the use and abuse of extra legal arguments within legal theory and practice law and psychology the latest volume in the current legal issues series contains a broad range of essays by scholars interested in the interactions between law and psychology the volume includes studies of jury trials in terrorism cases psychological evidence in family law cases child witness testimony and the role of psychology in punishment theory

for years many citizens have complained that our national government is fettered by legions of inefficient unaccountable feather nesting lawyers these critics might be right about the numbers there are nearly 40 000 lawyers employed by the federal government in every branch and at every level but most of these professionals fulfill functions that are essential to or extremely valuable in running the machinery of government in this volume cornell clayton and eight other authorities on public law and legal agencies explore the role that politics play in this federal legal bureaucracy especially within the executive branch they provide insights into the historical development present status future trends and interrelations among the offices of the attorney general solicitor general special prosecutor white house legal counsel office of legal counsel and counsels in regulatory agencies like the epa and the eeoc all the essays highlight a common theme the perpetual tensions and conflicts between executive branch politics and the profession s principled independence readable and enlightening these essays add much to our understanding of and remove some of the tarnish from this elite corps of legal experts they should benefit anyone interested in the legal profession presidential politics administrative law public policy and bureaucratic politics in our nation s capital
