business law 5th edition james et al is written for business students to provide a clear and accessible introduction to the legal system business law courses are the first exposure to law for many business students and the first time they are obliged to think deeply about the discipline this updated edition presents business law in a practical context rather than the doctrinal context that many major legal publishers use the business law interactive e text features a range of instructional media content designed to provide students with an engaging learning experience this includes practitioner videos from herbert smith freehills animated work problems and questions with immediate feedback this new edition is a unique resource that can form the basis of a blended learning solution for lecturers

written by a former dean this book offers a unique understanding of challenges facing legal education research publishing and governance

in the last few decades university teaching has been recognised as an activity which can be studied and improved through educational scholarship in some disciplines this is now well established it remains emergent in legal education the field is rich with questions to be answered issues to be raised this book provides the first overall review of legal education scholarship the chapters outline the history of legal education research and provide a detailed analysis of the trends in areas of publication beyond this the book suggests a typology for further conceptualising the field and a series of suggested paths for future research the book originated from the 2017 unsw conference research in legal education state of the art it features internationally respected authors who bring their perspectives on how legal education as a field of research should be conceptualised the collection is arranged into three themes first a historical view is taken of the emergence of legal education scholarship and its roots that predate modern educational theory secondly the book provides overviews of the extant field of publications highlighting areas of interest and neglect and delineating the trends in current publication thirdly the book provides a set of suggested typologies for describing legal education research and a series of essays for future directions which both critique current approaches and provide inspiration for future directions the state of legal education research represents an authoritative introduction to the field a set of conceptual tools with which to describe it and inspiration for researchers to expand and grow research into legal education

university can be a psychologically distressing place for students empirical studies in australia and the usa highlight that a large number of law students suffer from psychological distress when compared to students from other disciplines and members of the general population this book explores the significant role that legal education can play in the promotion of mental health and well being in law students and consequently in the profession the volume

considers the ways in which the problems of psychological distress amongst law students are connected to the way law and legal culture are taught and articulates curricula and extra curricula strategies for promoting wellbeing for law students with contributions from legal academics legal practitioners and psychologists the authors discuss the possible causes of psychological distress in the legal community and potential interventions that may increase psychological well being this important book will be of interest to legal academics law students members of the legal profession post graduate researchers as well as non law researchers interested in this area

this book integrates research on the causes responses and protective strategies for vicarious trauma that are recognised in a range of human services and argues their relevance to the legal profession examining related conditions that are common among lawyers including burnout compassion fatigue and secondary trauma stress the text reveals how lawyers vulnerability to trauma is aggravated by stigma against mental health concerns in workplaces with poor leadership weak supervision and an adversarial law as business approach the author proposes adaptations to legal education and practice management to help lawyers cope with stress and trauma use their work experiences to improve their self awareness maintain their wellbeing and ultimately to thrive in their work rich in evidence based practices strategies and tools this book serves to help individuals workplaces and law schools become trauma informed an indispensable guide for lawyers law firm managers and supervisors as well as legal educators and students seeking to enhance their resilience self awareness and wellbeing in readiness for legal practice

this volume offers a critical analysis and illustration of the challenges and promises of stateless law thought pedagogy and approaches to governance that is understanding and conceptualizing law in a post national condition confronting the transnational challenge posed to the traditional theoretical and institutional structures that underlie the teaching and study of law in the university the book brings new insight to the ongoing and crucial conversation about the future shape of legal scholarship education and practice that is emblematic of the early twenty first century

the new lawyer has been updated to ensure that first year law students do not feel overwhelmed by the transition to law school with updates in the content and statistics this new edition has been written in an easy to read style specifically with students in mind this book addresses the law threshold learning outcomes tlos and outlines what students should know understand and be able to do at the conclusion of their first year of study available as a full colour printed textbook with an interactive ebook code included this titles enables every student the ability to master concepts and succeed in assessment

business law 2e is the new edition of a textbook that has been positively launched into the higher education market the text presents business law principles in a clear and easy to understand style the objective of a business law subject is to ensure that students acquire enough knowledge of the law of business so they can recognise and solve simple legal problems organise their affairs in order to avoid more complex or serious legal problems and appreciate the connection of legal principles within a range of commercial environments as the majority of students are required to study business law as part of either a commerce or business degree this textbook follows a functional approach to the study of business law rather than doctrinal so the principles of business law are contextualised within a business environment business students need to know more than what the law is they need to know where to find it how to read it how to use it and how it impacts on all facets of business students who use this textbook will develop a greater awareness of the law and its broad application to business and commercial environments

an invaluable and fascinating resource this carefully edited anthology presents recent writings by leading legal historians many commissioned for this book along with a wealth of related primary sources by john adams james barr ames thomas jefferson christopher c langdell karl n llewellyn roscoe pound tapping reeve theodore roosevelt joseph story john henry wigmore and other distinguished contributors to american law it is divided into nine sections teaching books and methods in the lecture hall examinations and evaluations skills courses students faculty scholarship deans and administration accreditation and association and technology and the future contributors to this volume include morris cohen daniel r coquillette michael hoeflich john h langbein william p lapiana and fred r shapiro steve sheppard is the william enfield professor of law university of arkansas school of law
