global politics a new introduction engages directly with questions that those coming to the study of world politics bring with them from that innovative starting point it explores key issues through a critical and inquiring perspective presenting theoretical ideas and concepts in conjunction with a global range of historical and contemporary case studies revised and updated throughout the fourth edition offers examples engaging with the latest developments in global politics the climate crisis and anthropocentrism indigenous experiences and thinking racism and the rise of xenophobia artificial intelligence citizen journalism global health and pandemic response and drone warfare global politics examines most significant issues in global politics poverty development colonialism human rights gender inequality race war peacebuilding security violence nationalism authority and what we can do to change the world offers chapters written to a common

structure ideal for teaching and learning and features a key question an illustrative example general responses and broader issues integrates theory and practice throughout the text drawing on international relations political theory postcolonial studies sociology geography peace studies and development this exciting up to date and ground breaking textbook is essential reading for all those concerned about global politics

this innovative new text is derived from a highly successful open university course of the same title it takes as a dominant theme the contested issue of globalization the apparent intensification of global patterns of inter dependence and its implications for the autonomy of the modern nation state following a conceptual introduction which critically examines the theoretical debates framing the study of world politics the work is structured around four key processes of globalization which the authors identify as being the central determinants of contemporary global politics these key processes are the global impact of great power relations the globalizing tendencies of technological innovation the existence of a global economy and the globalizing force of modernity reflecting this structure the text is organized into four discrete sections each section explores both theoretically and empirically one of the four processes of globalization throughout particular attention is paid both to a critical evaluation of these globalizing processes as well as to their consequences for the sovereignty and autonomy of the modern nation state moreover the authors combine a lucid treatment of theoretical debates with topical case study material to produce a text which is extremely accessible to undergraduate students studying international relations and politics and to those readers with little prior knowledge of world affairs

contending discourses underlie many of the worlds most intractable conflicts producing misery and violence this is especially true in the post 9 11 world however contending discourses can also open the way to greater dialogue in global civil society and across states and international organizations this possibility holds even for the most murderous sorts of conflicts in deeply divided societies in this timely and original book john dryzek examines major contemporary conflicts in terms of clashing discourses topics covered include the alleged clash of civilizations societies divided by ethnicity nationality or religion economic globalization versus resistance plus an in depth discussion of the war on terror dryzek concludes by highlighting the limitations of current neoconservative and cosmopolitan approaches arguing that only deliberative global politics offers unprecedented new possibilities for democratic engagement in the international system this book will be of interest to students and scholars of international relations politics philosophy and sociology
