immigration of muslims the increasing importance of human rights law and the critical attention paid to women migrants

in this contentious and ground breaking study the author draws on extensive archival research to provide a new account of the transformation of the united kingdom into a multicultural society through an analysis of the evolution of immigration and citizenship policy since 1945 against the prevailing academic orthodoxy he argues that british immigration policy was not racist but both rational and liberal in this ground breaking book the author draws extensively on archival material and theoretical advances in the social science literature citizenship and immigration in post war britain examines the transformation since 1945 of the uk from a homogeneous into a multicultural society rejecting a dominant strain of sociological and historical inquiry emphasizing state racism hansen argues that politicians and civil servants were overall liberal relative to the public to which they owed their office and that they pursued policies that were rational for any liberal democratic politician he explains the trajectory of british migration and nationality policy its exceptional liberality in the 1950s its restrictiveness after then and its tortured and seemingly racist definition of citizenship the combined effect of a 1948 imperial definition of citizenship adopted independently of immigration and a primary commitment to migration from the old dominions locked british politicians into a series of policy choices resulting in a migration and nationality regime that was not racist in intention but was racist in effect in the context of a liberal elite and an illiberal public britain s current restrictive migration policies result not from the failing of its policy makers but from those of its institutions

this is a superb piece of scholarship joppke manages to cover an extraordinary range of theoretical questions and empirical findings within a very compact and readable book he coherently synthesizes and cogently brings together an array of different literatures that have often remained separate from one another in doing so he provides a state of the art overview and analysis of the topics of citizenship and immigration marc morjé howard georgetown university citizenship and immigration is an outstanding analysis of one of the most dramatic developments in the contemporary world especially in europe namely the impact of immigration on the reconstitution of citizenship and of discussions thereof it is essential reading for anybody interested in the contemporary scene s n eisenstadt van leer jerusalem institute few scholars know the citizenship and immigration literature like christian joppke in this tour de force joppke moves nimbly from social theory to current policy developments in europe north america and australia he paints a nuanced picture of the liberal evolution of citizenship remaining attentive to governments recent exclusionary moves a must read irene bloemraad university of california berkeley this incisive book provides a succinct overview of the new academic field of citizenship and immigration as well as presenting

a fresh and original argument about changing citizenship in our contemporary human rights era instead of being nationally resilient or in postnational decline citizenship in western states has continued to evolve converging on a liberal model of inclusive citizenship with diminished rights implications and increasingly universalistic identities this convergence is demonstrated through a sustained comparison of developments in north america western europe and australia topics covered in the book include recent trends in nationality laws what ethnic diversity does to social citizenship the decline of multiculturalism yet continuing rise of antidiscrimination policies and the new state campaigns to upgrade and re nationalize citizenship in the post 2001 period sophisticated and informative and written in a lively and accessible style this book will appeal to upper level students and scholars in sociology political science and immigration and citizenship studies

contrary to predictions that it would become increasingly redundant in a globalizing world citizenship is back with a vengeance the oxford handbook of citizenship brings together leading experts in law philosophy political science economics sociology and geography to provide a multidisciplinary comparative discussion of different dimensions of citizenship as legal status and political membership as rights and obligations as identity and belonging as civic virtues and practices of engagement and as a discourse of political and social equality or responsibility for a common good the contributors engage with some of the oldest normative and substantive quandaries in the literature dilemmas that have renewed salience in today s political climate as well as setting an agenda for future theoretical and empirical explorations this handbook explores the state of citizenship today in an accessible and engaging manner that will appeal to a wide academic and non academic audience chapters highlight variations in citizenship regimes practiced in different countries from immigrant states to non western contexts from settler societies to newly independent states attentive to both migrants and those who never cross an international border topics include the selling of citizenship multilevel citizenship in between statuses citizenship laws post colonial citizenship the impact of technological change on citizenship and other cutting edge issues this handbook is the major reference work for those engaged with citizenship from a legal political and cultural perspective written by the most knowledgeable senior and emerging scholars in their fields this comprehensive volume offers state of the art analyses of the main challenges and prospects of citizenship in today s world of increased migration and globalization special emphasis is put on the question of whether inclusive and egalitarian citizenship can provide political legitimacy in a turbulent world of exploding social inequality and resurgent populism
