this book is an essential reference guide for students of west european politics and west european area studies a perfect companion to european politics today by the same authors it contains details of major events political leaders important dates organisations and recent elections all in an accessible easy to read format a comprehensive reference work the book also provides a sound historical background for students of contemporary europe it covers the information and terms of reference students need to know to understand developments in european politics from the second world war to the present day much of the book is devoted to those european countries most often featured in comparative courses in colleges and universities the united kingdom france germany italy and spain as well as the european union also included are details of personalities and events which have proved decisive for smaller and less familiar european democracies from resistance leaders to presidents civil wars to scandals the forces shaping the europe of today are detailed in this book this book is ideal for undergraduate students on politics european studies and area studies courses publisher s description

this text explores the nature of european politics in the context of the origin and institutional development of the european state system

this book arises out of a specially commissioned issue of west european politics marking the journal s 30th anniversary it examines the profound changes in the european political landscape over the last three decades including the fall of communism progressive european integration territorial restructuring public sector reforms at european national regional and local levels changes in democratic participation protest elections political communication political parties and party competition and challenges to the welfare state the book also discusses how political science has responded to these changes in terms of its substantive focus concepts methods and theories many of the 17 contributions included identify important challenges for the future including those stemming from eu integration the reduced electoral accountability of politicians the problematic legitimization of party government and the sharpening of the edges of the state contributors include k a anderson f c castles c crouch m egeberg m ferrera h goetz l hooghe e m immergut r f inglehart m keating h d klingemann h kriesi m lodge j lovenduski p mair g marks y mény l morlino h obinger v a schmidt p c schmitter and g smith this book was published as a special issue of west european politics

this second edition of a major text has been updated to take account of events in europe since 1990 it is unique in offering an analysis of four major european democratic systems those of the uk france italy and germany that combines theoretical approaches with empirical material organized around themes rather than countries the book includes chapters on political cleavages political parties and pressure groups governmental institutions and constitutional courts and has a wealth of examples throughout

completely revising their work hancock s team of experts discuss the politics of the uk france germany italy sweden and the european union in addition a wholly new section on postcommunist russia emphasizing the personalities and achievements of presidents yeltsin and putin completes the comprehensive coverage of contemporary european politics a common organization for each country section facilitates systematic comparison

this fully updated fourth edition of european politics expertly and accessibly surveys the history institutions and issues that are essential for understanding contemporary european politics exploring a central question what is europe this book s thematic approach helps students compare politics in individual countries and see the political big picture in the region it examines not only countries that are or were in the european union but also those eligible to join to give students the most comprehensive picture of europe s evolution in a globalized world key updates in this edition coverage of the invasion of ukraine and its implications on european security foreign policy challenges including china and the middle east economics and covid 19 the rise of nationalist populist parties refugees migrants and multiculturalism environmentalism and climate policy us european relations and security threats emanating within europe and beyond a consolidated presentation on the european union with fully updated data public opinion and recent election data analysis throughout this timely in depth text will be essential reading for anyone interested in european politics

since the treaty of the european union was ratified in 1993 the european union has become an important factor in an ever increasing number of regimes of pooled sovereignty this handbook seeks to present a valuable guide to this new and unique system in the twenty first century allowing readers to obtain a better

understanding of the emerging multilevel european governance system that links national polities to europe and the global community adopting a pan european approach this handbook brings together the work of leading international academics to cover a wide range of topics such as the historical and theoretical background the political systems and institutions of both the eu and its individual member nations political parties and party systems political elites civil society and social movements in european politics the political economy of europe public administration and policy making external policies of the eu this is an invaluable and comprehensive resource for students scholars researchers and practitioners of the european union european politics and comparative politics

in jargon free english the contributors to this study examine the main political issues facing six european states and the european community as an entity itself

developments in european politics considers what europe is where it came from and what european citizens can make of it it brings together specially commissioned chapters by leading authorities to give an up to date and systematic analysis of european political developments in institutions processes and policy at national regional and international levels it provides wide ranging and clear analysis of the factors influencing european politics from populism and extremism in national politics to the broader forces of globalization immigration climate change and international terrorism bringing together a brand new contributor team this new edition offers more coverage of europe s role in the world increased focus on the attitudes of european citizens as the motor of european politics end of chapter reading suggestions and key questions enabling readers to engage with the important issues at stake an overarching framework that hones in on four contemporary themes the rise of authoritarian politics the mismanagement of globalization the perception of collective insecurity and the disintegration of europe this is an ideal text for students undertaking courses on european politics as well as anyone interested in understanding the political challenges facing europe today

unique in offering an analysis of four major european democratic systems the united kingdom france italy and west germany this first volume in the comparative european politics series combines theoretical approaches with empirical material organized around themes rather than countries the book includes chapters on

political cleavages political parties and pressure groups governmental institutions and constitutional courts this english edition has been substantially revised by the author to include a fuller discussion of the french system published in association with the european consortium for political research the comparative european politics series is geared for students and teachers of political science each volume provides an up to date survey of the current state of knowledge and research on an issue of major significance in european government and politics

in this new edition patricia hogwood and geoffrey roberts offer a comprehensive introduction to the political systems and processes of western europe the book begins with an overview of the features and events that have shaped the political landscape of europe up to the end of the 20th century the authors go on to discuss liberal democracy historical sources of conflict between countries electoral systems political parties and interest groups governments and parliaments the final section looks at federalism and eu decision making and concludes with a consideration of how liberal democracies in western europe have attempted to provide stable government while remaining responsive to changes in society this book has been fully updated to take account of the french british and italian general elections that have occurred in recent years as well as the momentous changes that have taken place in global politics as a result 9 11 and the preparations for eu enlargement the chapters on the european union and democracy in western europe have also been substantially revised to take account of globalization and recent political corruption issues

throughout much of europe the preoccupation with military security that dominated political thinking after the end of the second world war has given way to an emphasis upon mutual interdependence but what does this mean both theoretically and practically terms of a new agenda the focus of this book is upon four main issues economic development security the environment human rights these are of course not in themselves new issues but during the period of the cold war they were subordinated to the ideological division of the continent now they have emerged as decisive in the way in which europe will develop the authors examine the four issues in depth and draw out the links between them they also examine the various levels at which these problems exist the level of the system of the state and of the individual thus it is possible for them to illustrate general issues with specific reference to local national and europe wide political

debates

this critically acclaimed best selling text offers a comprehensive introduction to the post world war ii political systems of great britain france italy germany and the european union the concept of european politics in transition is presented through four key themes the role of each country in economic management the interaction of countries within the international order challenges facing european democracies and the political impact of social diversity

revised throughout the second edition of this comprehensive and highly respected textbook continues to provide a thorough introduction to european and european union politics pairing a genuinely comparative approach with in depth analysis of the national supranational local and regional political systems of large and small countries across europe including central and eastern europe and the balkans this accessible book covers history theory institutions parties and party systems and interest groups among others key topics and features of this book examines the european union multilevel governance system and uses a regional cluster approach to highlight differences across europe contextualises european politics in a theoretical framework explaining the major political social and economic transformations taking place in the information age a new chapter on the comparative political systems and cultures of wider europe particularly russia ukraine moldova georgia belarus and turkey engages with the latest challenges and crises facing europe including new streamlined chapters on parties elections politics and policy making of the european union extended coverage of hot topics such as finance and the eurocrisis immigration populism and xenophobia uses a wide range of pedagogical features including further readings and revision questions includes a fully updated companion website containing rich reference data chapter summaries and weblinks richly illustrated throughout this work is an indispensable resource for all students and scholars of european politics

this book explores what drives value politics and the way in which it redraws political conflict at eu level based on case studies and analyses of statistical data the book shows what the uses and roles of values have been at eu level over the past decades in both market related policies and in identity cultural and

morality policies it challenges the common assumption that the latter is more driven by value conflicts the research shows the intrinsic similarities between all policy areas regarding the agency and limits of values as drivers of change or continuity it argues that european values are a broad and flexible symbolic repertoire instrumentalised to serve as a resource for mobilization legitimation delegitimation the conquest and conservation of power this book will be of key interest to both scholars and students in european studies politics comparative politics public policy political theory sociology and cultural studies as well as appealing to professionals of european affairs within and around the eu institutions

examining such issues as the welfare state the politics of unemployment and government industry relations this work looks at the developments in western european politics up to and during the 1980s

this short and simple introduction to european politics which includes western and eastern europe as well as russia demonstrates how european nations have attempted to cope with division within europe and in international politics highlighting differences with u s politics slomp examines the european system from various perspectives including geography religion economics and social composition two separate chapters discuss relations within the european union as well as its interaction with nations outside the group tables and figures provide a wealth of information on the location of minorities the ideological spectrum and social policies directed toward both an american and a european readership this study includes information about the importance of ethnicity and religion the impact of new migration waves and the position of the labor movement it covers the role of political parties the americanization of election campaigns and the prevalence of coalition governments a chapter on european style civil society focuses on the influence of pressure groups the popularity of formal business trade union government contracts the mass media local politics and federal political systems every chapter deals with the social transformation of the former communist countries of central and eastern europe a final section contains a brief description of all the nations by groupings

providing comprehensive and up to date information about each country and western europe as a whole the text includes a unique chapter on the european

union that discusses the latest developments and studies the drive towards a european union
