if you ve ever wanted to know the correct words to roll me over or wondered where the melody of sweet betsy from pike came from this book can answer your questions extensively revised and including forty more songs than its predecessor this new edition of the erotic muse is a unique scholarly collection of bawdy or forbidden american folksongs ed cray presents the full texts of some 125 songs with melodies for most of them and detailed annotations for all his lively

commentary places the songs in historical social and where appropriate psychological context

in recent years the indian english literature has made conspicuous progress in all its forms mainly in fiction and poetry the present anthology aims at presenting an in depth study of twenty one authors who are both established as well as upcoming writers nissim ezekiel nirad c chaudhuri girish karnad r k narayan raja rao manohar malgonkar bhabani bhattacharya taslima nasrin salman rushdie anita desai shashi deshpane amitav ghosh vikram seth githa hariharan kavita daswani manju kapoor m n roy sri aurobindo mahatma gandhi lohia and ambedkar the articles on poets contained in this anthology acquaint the readers with the fluctuating scene of thematic concerns and technical experimentations in indian english poetry all other articles are also unique of its kind reflecting the above mentioned authors treatment of their chosen literary genre since most of the authors included in the present volume for discussion are prescribed in the english syllabus in the various indian universities it is hoped that both the teachers and students will find them extremely useful even the general readers who are interested in literature in english will find them intellectually stimulating

this book shows how recent work in cognitive science especially that developed by cognitive linguists and cognitive psychologists can be used to explain how we understand music the book focuses on three cognitive processes categorization cross domain mapping and the use of conceptual models and explores the part these play in theories of musical organization the first part of the book provides a detailed overview of the relevant work in cognitive science framed around specific musical examples the second part brings this perspective to bear on a number of issues with which music scholarship has often been occupied including the emergence of musical syntax and its relationship to musical semiosis the problem of musical ontology the relationship between words and music in songs and conceptions of musical form and musical hierarchy the book will be of interest to music theorists musicologists and ethnomusicologists as well as those with a professional or avocational interest in the application of work in cognitive science to humanistic principles

from the beginning the beatles acknowledged in interviews their debt to black music apparent in their covers of and written original songs inspired by chuck berry little richard fats domino the shirelles and other giants of r b blackbird goes deeper appreciating unacknowledged forerunners as well as black artists whose interpretations keep the beatles in play drawing on interviews with black musicians and using the song blackbird as a touchstone katie kapurch and jon marc smith tell a new history they present unheard stories and resituate old ones offering the phrase transatlantic flight to characterize a back and forth dialogue shaped by black musicians in the united states and elsewhere including liverpool kapurch and smith find a lineage that reaches back to the very origins of american popular music one that involves the original twentieth

century blackbird florence mills and the king of the twelve string lead belly continuing the circular flight path with nina simone billy preston jimi hendrix aretha franklin sylvester and others the authors take readers into the twenty first century when black artists like bettye lavette harness the beatles for today detailed thoughtful and revelatory blackbird explores musical and storytelling legacies full of rich but contested symbolism appealing to those interested in developing a deep understanding of the evolution of popular music this book promises that you ll never hear blackbird and the beatles the same way again
