the written word is one of the defining elements of christian experience as vigorous in the 1st century as it is in the 21st christian literature has had a significant function in history and teachers and students need to be reminded of this powerful literary legacy covering 2 000 years the encyclopedia of christian literature is the first encyclopedia devoted to christian writers and books in addition to an overview of the christian literature this two volume set also includes 40 essays on the principal genres of christian literature and more than 400 bio bibliographical essays describing the principal writers and their works these essays examine the evolution of christian thought as reflected in the literature of every age the companion volume also features bibliographies an index a timeline of christian literature and a list of the greatest christian authors the encyclopedia will appeal not only to scholars and christian evangelicals but students and teachers in seminaries and theological schools as well as to the growing body of christian readers and bibliophiles

alex diprima paints a fresh portrait of charles haddon spurgeon the most well known gospel minister of the nineteenth century

this volume tells the story of the churches of christ one of three major denominations that emerged in the united states from a religious movement led by alexander campbell and barton w stone in the early 19th century beginning as an effort to provide a basis on which all christians in america could unite the leaders of the movement relied on the faith and practice of the primitive church ironically this unity movement eventually divided precisely along the lines of its original agenda as the churches of christ rallied around the restorationist banner while the disciples of christ gathered around the ecumenical cause yet having begun as a countercultural sect the churches of christ emerged in the 20th century as a culture affirming denomination this brief history together with biographical sketches of major leaders provides a complete overview of

the denomination in america the book begins with a concise yet detailed history of the denomination s beginnings in the early 19th century tracing the influence of such leaders as stone and campbell the authors chronicle the triumphs and conflicts of the denomination through the 19th century and its reemergence and renewal in the 20th century the biographical dictionary of leaders in the churches of christ rounds out the second half of the book and a chronology of important events in the history of the denomination offers a quick reference guide a detailed bibliographic essay concludes the book and points readers to further readings about the churches of christ

this book is a dictionary of christian biographies literature sects and doctrines of the saints

an audacious excursion into the life of the third figure in the holy trinity the left hand of god interweaves scholarship with religion myth and culture to expertly trace the influence of the holy spirit throughout the ages

the orthodox church is one of the three major branches of christianity there are over 300 million adherents throughout the world the orthodox church is a fellowship of independent churches which split from the roman church over the question of papal supremacy in 1054 the orthodox adherents include people in greece georgia russia and serbia there are an estimated one million members in the united states this advanced book explains the basic principles of orthodox christianity and describes in detail the holidays observed by the orthodox church in addition relevant book literature is presented in bibliographic form with easy access provided by title subject and author indexes
