this timely book will help policymakers and practitioners convert their visions of high quality early education into on the ground reality by providing a much needed richly detailed look at how states can design fund and manage exemplary programs the authors describe and analyze how four states michigan west virginia washington and north carolina have built early education systems that positively affect student outcomes sharing a commitment to advancing key elements of a quality preschool education each of the states developed programs with different enrollment requirements services and oversight all of them however rely on common overarching strategies such as establishing standards and supporting improvement investing in knowledgeable educators coordinating and aligning early education programs with elementary school seeking sufficient funding sources and mechanisms and building broad based support this book offers powerful lessons for anyone who is committed to delivering engaging age appropriate preschool programs for all this book is so valuable it s a how to for the current generation of political leaders republicans and democrats alike who want to develop early education policies and practices that work james b hunt jr former governor of north carolina this book provides critical insights for addressing the key challenge to preschool policy fulfilling preschool s promise at scale w steven barnett national institute for early education research nieer a great resource for everybody engaged in state level processes on behalf of young children providing valuable lessons from leading states to help other states chart their own path elliot regenstein foresight law policy a detailed and fascinating account of how

distributive leadership collaboration and professional learning can greatly and positively influence teachers effective use of data randi weingarten president american federation of teachers

this volume looks at sustainable protection and sustainable use of cultural and natural heritage particularly in view of the current challenges of the 21st century for more than 40 years the world heritage convention has regulated the protection of the cultural and natural heritage of humankind particularly in that heritage shall be protected if it is threatened by modern development the international community has also adopted sustainability and sustainable development as objectives to facilitate the protection of cultural and natural heritage sustainable heritage protection and use must therefore be preserved in the face of the global challenges it faces and must be perceived in terms of societal political and corresponding economic paradigms

industrial capitalism is broken the signs which transcend national ideologies are everywhere climate change ecological overshoot financial exhaustion fraying social safety nets corporate fraud government deceit civic unrest terrorism and war but there is hope this book tells how transformation is taking root in the corporate world the last place many of us would look for solutions the book tells the stories of seven exceptional companies their shared secret is a new mental model of the firm that is the virtual opposite of industrial capitalism each company if not already a household name is a significant player within their industry and crucially has outperformed their competitors lessons can be learned it works like this instead of modeling themselves on the assumed efficiency of machines a thought process that emerged during the industrial age these firms model themselves on living systems firms with open ethical inclusive traditions where employees have a voice and a stake in what happens have a distinct advantage over traditionally managed companies where most decisions are made at the top understanding that everything of value ultimately arises from life they place a higher value on living assets people and nature than they do on non living capital assets the energy they invest in stewarding those assets a practice described in the book as living asset stewardship las is transformative

every year the itu unesco broadband commission for digital development

publishes its state of broadband report to take the pulse of the global broadband industry and explore progress in broadband connectivity this report provides a global snapshot of where the telecommunications ict industry stands with regards to fixed and mobile broadband deployment affordability and usage as well as the use of broadband for achieving development objectives including the millennium development goals mdgs and sustainable development goals sdgs it evaluates the take up and development of broadband around the world and tracks the broadband commissions targets it draws on the thought leadership of the commission and its research into national broadband plans it also offers a range of perspectives on how to boost the roll out and adoption of broadband networks and services across developing countries
