the collection of the elder seneca assembles quotations from scores of declaimers over a period spanning sixty years from the augustan age through the early decades of the empire a view is offered onto a literary scene for this critical period of roman letters that is numerously populated highly interactive and less dominated by just a few canonical authors despite this potential modern readings have often lumped declaimers together en masse and organizational principles basic to seneca s collection remain overlooked this volume attempts to hear the individual speech of declaimers by focusing on two speakers arellius fuscus rhetor to ovid and papirius fabianus teacher of the younger seneca a key organizing principle informing both the collection and the practice of declamation was the shared locus a short passage defined by verbal and argumentative ingredients that gained currency among declaimers study of the operation of the shared locus carries several advantages 1 we appreciate distinctions between declaimers 2 we recognize shared passages as a medium of communication and 3 the shared locus emerges as a community resource explaining deep seated connections between declamation and literary works

multitasking refers to performance of multiple tasks the most prominent types of multitasking are situations including either temporal overlap of the execution of multiple tasks i e dual tasking or executing multiple tasks in varying sequences i e task switching in the literature numerous attempts have aimed at theorizing about the specific characteristics of executive functions that control interference between simultaneously and or sequentially active component of task sets in these situations however these approaches have been rather vague regarding explanatory concepts e g task set inhibition preparation shielding capacity

limitation widely lacking theories on detailed mechanisms and or empirical evidence for specific subcomponents the present research topic aims at providing a selection of contributions on the details of executive functioning in dual task and task switching situations the contributions specify these executive functions by focusing on 1 fractionating assumed mechanisms into constituent subcomponents 2 their variations by age or in clinical subpopulations and or 3 their plasticity as a response to practice and training

written for young adults the urban underground series confronts issues that are of great importance to teens such as friendship loyalty drugs gangs abuse urban blight bullies and self esteem to name a few more than entertainment these books can be a powerful learning and coping tool when a struggling reader connects with credible characters and a compelling storyline the highly readable style and mature topics will appeal to young adult readers of both sexes and encourage them to finish each novel the teacher s resource guides provide 10 pages of activities and reproducible worksheets per novel to support the books and extend students reading skills simply select and print the activities that you need a key at the end of each guide provides answers and sample responses the activities give lower level readers the tools to construct extend and examine the meaning of text
