McGraw-Hill's AIM FAR is the blockbuster reference that pilots, flight instructors, students and fixed base operators in general aviation select most often. No other version of the Aeronautical Information Manual (AIM) federal aviation regulations measures up to McGraw-Hill's. Not even the government's own packed with information, regulations and exclusive time saving features. This economically priced reference is more thoroughly indexed and easier to use than any other. The key features include federal aviation and useful pilot information, than any other competitive title. On-line updates, all changes highlighted and explained. Important facilities directory, aviation web site addresses, pilot controller glossary and FAA flight forum excerpts, study suggestions for test and flight review, VOT sites and frequencies, new updates and regulations regarding security issues and expanded coverage of the sport pilot license and certification for pilots.

Comprehensive and current approach to computer concepts with a dynamic new web presence.

Adhering to a reputation for excellence, this definitive manual of the latest civil aviation directives has been fully updated and indexed to clearly reflect all the changes in the federal aviation regulations. Far and the Aeronautical Information Manual (AIM) over the past year in addition to the regulations, AIM procedures and redrawn AIM illustrations, this re-typeset edition also includes a study guide for specific pilot certifications and ratings, a pilot controller glossary, the NASA Aviation Safety Reporting Form, important FAA contact information and a free e-mail service that accounts for regulation changes throughout the publication year. The 2008 edition also includes a combined FAR/AIM index for easy reference.
