Billow Peter Roberts Albert Camus MaA'a Mrovlje Eric Hobsbawm Donald Crummey Kenneth Mills

nobel prize winner twenty three political essays that focus on the victims of history from the fallen maquis of the french resistance to the casualties of the cold war in the speech he gave upon accepting the nobel prize for literature in 1957 albert camus said that a writer cannot serve today those who make history he must serve those who are subject to it resistance rebellion and death displays camus rigorous moral intelligence addressing issues that range from colonial warfare in algeria to the social cancer of capital punishment but this stirring book is above all a reflection on the problem of freedom and as such belongs in the same tradition as the works that gave camus his reputation as the conscience of our century the stranger the rebel and the myth of sisyphus

the contributors historians and anthropologists from a number of countries move beyond the traditional structural analysis of society to a finer understanding of people as actors native andean initiatives and consciousness are clearly placed at the center of this inquiry which merges the best methods of history an anthropology stern begins with a vigorously argued theoretical essay in which he identifies major findings and arguments running throughout the book demonstrates their pertinence to the more general field of peasant studies and draws out the implications for theory and method he reappraises the role of peasant consciousness and political horizons and the significance of ethnic factors in explaining peasant consciousness and revolt the case studies themselves revamp the history of andean peasant rebellion and consciousness in peru and bolivia this is accomplished by studying violent uprisings as transitional moments within a long term trajectory embracing varied forms of resistance and by scrutinizing closely the ideological and cultural aspects of domination political legitimacy and rebellion the results sharply alter our understanding of three major historical problems the crisis of spanish colonial rule and the outbreak of native andean insurrection in the eighteenth century the response to peasants to creole wars and nation building efforts in the nineteenth century and the political strategies and dilemmas of andean peasants in the context of populist and radical politics in the twentieth century

this volume looks at the ways historians have written the history of the region depending upon their methods of interpretation and differing styles of communicating their findings the chapters discussing methodology are followed by studies of particular themes of historiography the second half of the volume describes the writing of history in the individual territories taking into account changes in society economy and political structure the final section is a full and detailed bibliography serving not only as a guide to the volume but also as an invaluable reference for the general history of the caribbean as a whole

this book investigates three indian revolts in the americas the 1680 uprising of the pueblo indians against the spanish the great rebellion in bolivia 1780 82 and the caste war of yucatan that began in 1849 and was not finally crushed until 1903 nicholas a robins examines their causes course nature leadership and goals he finds common features they were revitalization movements that were both millenarian and exterminatory in their means and objectives they sought to restore native rule and traditions to their societies and they were movements born of despair and oppression that were sustained by the belief that they would witness the dawning of a new age his work underscores the link that may be found but is not inherent between genocide millennialism and revitalization movements in latin america during the colonial and early national periods

the concept of disobedient consciousness and the rebellious socratic mind that grows out of this book is above all a product of ramin jahanbegloo s life meetings with the two apparently contradictory worlds of philosophy and politics more precisely it is the result of approaching the public realm in terms of a philosophical quest for truth and justice this restless quest for truth and justice has a history that continues to bear upon us however much we choose to ignore it we can think about the current situation of philosophy by exploring that history the image of socrates represents a mid point between politics and philosophy the socratic mind exemplified by the presence of the public gadfly in history finds itself at the beginning of a new struggle for truth the journey to this struggle started with the trial of socrates followed by the experiences of henry david thoreau mahatma gandhi martin luther king jr and albert camus but the forging of the rebellious mind and the sustaining of the civic task of philosophy are goals which impose themselves to each of us whenever we are reminded by the urgency of critical thinking in our own dark times the future of humankind necessarily requires convictions and commitments but it also requires socratic rebels of the mind and of action who have the courage to swim against the tide examining dissent in the history of philosophy this book will appeal to scholars of political theory and political philosophy and to scholars and students of political and intellectual history

in this comprehensive volume richard m billow provides a thorough introduction to group psychotherapy from a psychoanalytic perspective billow integrates contemporary psychoanalytic thinking with freudian and kleinian core concepts as well as bion s early group theory and his later metapsychology to provide a holistic overview of group therapy and its potential benefits for patients he incorporates major psychoanalytic thinkers outside the american relational mainstream such as lacan laplanche kaes foulkes and pichon riviere as well as his own prominent contributions to the field to provide a unique and interdisciplinary overview throughout the chapters readers will be introduced to challenging clinical experiences that illustrate some of the similarities and differences among psychoanalytic

and other psychodynamic group approaches offering guidelines on how to harness and conduct the group billow provides exceptional insight into the veritable benefits of maintaining an analytic stance within the clinical setting written in a clear and accessible style this book is a vital tool for students and professionals interested in a thorough overview of psychoanalytically based group treatments

best known today for his novels plays and short stories but also an accomplished essayist editor and journalist albert camus was one of the most influential literary figures of the 20th century he has gained widespread recognition for works such as the stranger caligula the plague and exile and the kingdom in 1957 camus was awarded the nobel prize for literature in 1960 he was killed in a car accident aged just 46 since camus untimely death his work has been engaged by scholars in literature politics philosophy and many other fields this volume is one of the first book length studies of camus with a specifically educational focus camus writings raise and address ethical and political questions that resonate strongly with current concerns and debates in educational theory and the difficulties and dilemmas faced by his characters mirror those encountered by many teachers in school classrooms this book will appeal to all who wish to consider the connections between education ethics and the problem of human existence this book was originally published as a special issue of educational philosophy theory

more than 50 years after independence algerian chronicles with its prescient analysis of the dead end of terrorism appears here in english for the first time published in france in 1958 the year the war caused the collapse of the fourth french republic it is one of albert camus most political works an exploration of his commitment to algeria

the first book length study to provide a detailed examination of a distinctive crossroads in the history of the left

a fascinating collection of essays concerning working men and women these 26 essays range over the history of working men and women between the late 18th century and the present day they include hobsbawm s pioneering studies in labour history and social protest the formation of the british working class labour custom and traditions the political radicalism of 19th century shoemakers male and female images in revolutionary movements the machine breakers revolution and sex peasants and politics the rules of violence the common sense of tom paine there are more recent reflections on the may day holiday the vietnam war socialism and the avantgarde mario puzo the mafia and the sicilian bandit salvatore guiliano and the cultural consequences of christopher columbus there are

tributes to some of jazz's legendary figures Count Basie, Sidney Bechet, and Duke Ellington, and the tragic blues singer Billie Holiday.

Focusing on a largely neglected period (1640 to 1750) and moving beyond portrayals that often view the relationships between indigenous peoples and Europeans solely in terms of repression, opposition, or accommodation, Kenneth Mills provides a wealth of new material and interpretation for understanding Native Andeans and Spanish Christians as participants in a shared, if not harmonious, history.

As recognized, adventure as well as experience, more or less lesson, amusement, as without difficulty as arrangement can be gotten by just checking out a book's **Camus Resistance**.
