manuscripts written as a set of editing tips this is a great resource for authors i have used it and it works i highly recommend this book great i believe most of us have stories to tell from our own lives and experiences from things we ve seen and heard from dreams and ideas that just pop in on dark nights and lazy afternoons probably nothing starts a story quite as well as actually being awake when the storm hits and the lightning is flashing or on a quiet morning with a cup of coffee while taking the time to simply see life around us writing takes the courage to put ourselves down on paper where others can criticize and poke fun it also takes the desire to reach and inspire others with word pictures pictures that will enable them to see beyond the moment to go beyond their own space and to dream sometimes the only thing that keeps us going on the project is that this story this work of art is coming from our heart and it simply has to come out and be laid gently lovingly even tearfully on paper where at least we can see it but we ve kept at it and it s now sitting there and the question again is now what how are you going to take this brainchild of yours and get it into the hands of people you know will love it and benefit from it as much as you have what are you going to experience along this journey and how will you get through the experience with your heart and mind and soul still relatively intact oxford s dictionary describes writing as the activity or skill of marking coherent words on paper and composing text and the activity or occupation of composing text for publication creative writing is any writing that goes beyond the framework of normal writing such as professional treatises letters to friends etc it s usually identified by its emphasis on narrative character development and the use of figurative language fictional writing generally is produced as a story that is meant to entertain the oxford dictionary defines entertain as to provide someone with amusement or enjoyment maybe to inform maybe to scare but generally to entertain to give them something to enjoy the austin community college says when you read a novel you are experiencing the literary purpose the literary purpose is to tell you the story in such a way that you are entertained that you don t put the book away or that you learn from it writing a novel is telling a story that will entertain any story any place any time the writing is to get a reader into the story and keep them there as you begin this journey of writing have you decided on even considered the reason you are writing before you start the writing of your book consider

all the elements of good writing ask all the why questions get the materials you will need to do the job and round up helpers who will assist you whenever you need that help then ask yourself is this something i really want to do am i ready to write the very best book i can write
