in the 1960s canada began a seismic shift away from the core policies and values upon which the country had been built a nation of makers transformed itself into a nation of takers crowley argues that the time has come for the pendulum to swing back back to a time when canadians were less willing to rely on the state for support when people went where the work was rather than waiting for the work to come to them thought provoking meticulously detailed and ultimately polarizing fearful symmetry is required reading for anyone who is interested in where this country began where it s been and where it s going

neoliberal restructuring has left individuals and families scrambling for survival and increasingly reliant on the under funded and over regulated non profit sector to patch over the steadily growing fissures in our society the book examines the creativity and resilience of nonprofits in maintaining and expanding their services this

book also delves into the vital role of non profits in advocacy for human rights anti racism indigenous claims and improved health and social services the decades long turn towards marketized solutions to social needs has created the conditions under which privatized modes of service delivery have become the norm the extraordinary rise of the non profit sector is an under analyzed consequence of neoliberal restructuring in canada in this timely corrective ted richmond and john shields analyze the place of the non profit sector in neoliberal times in canada the authors take a critical political economy approach providing a vital analysis of the significance of the non profit sector and bring clarity to its dimensions and roles in society the book pays particular attention to the provision of social human and health services in canada s changing welfare state system

this book examines the contributions of non public organizations such as foundations philanthropies charities non governmental organizations private businesses and entrepreneurs to public goods and services too often the impact of the contributions of such private actors are overlooked however they are playing an increasing role in meeting societal needs across the developing world doing public good lays out key elements that need to be considered in evaluating the net results achieved by these private actors it uses case studies and analysis to show how to answer such questions as is it working how do they and the public know they are doing good and how to improve such questions are particularly important since little is known about the net results of private avenues for delivering public value the contributors conclude that doing good organizations need to be more transparent and accountable regarding their operations and achievements the book suggests perspectives on how better monitoring and evaluation systems can improve their accountability
