explains the advantages of database backed pages for libraries and offers library personnel practical strategies for creating and maintaining database backed sites

the european public debt problem was in the making long before the 2007 2009 recession as budget deficits had become endemic a similar crisis is now developing in america where the same fundamental causes have been at work the public debt problem analyzes the situation of public debts in america and reviews official forecasts for the federal government the author carefully explains the

main concepts budget deficit public debt etc and analytical tools discounting government accounting treasury securities bonds yields etc necessary to understand the issues

i wish i had not had to write this book because then my lovely son reuben would still be alive says david cohen he was adorable formidably intelligent a loving son a loving brother he died far too young he had the bad luck to have two grandparents who had addictive personalities his efforts to resist the lure of drugs failed and so did i the book of my son reuben is a personal account of how psychologist david cohen coped and did not cope with the death of his son reuben offering a unique perspective on the experience of parental loss it offers a personal and analytical exploration of sorrow and guilt and of what research tells us about trauma and grief illustrated throughout with david cohen s personal insight into how he continues to navigate his loss this honest book provides a deeper understanding of loss for parents who have experienced it as well as those who support them the book remembers the many parents who have lost children throughout history and chapters weave personal perspectives with the latest research it examines the experience of sudden deaths the failures of society in preventing children from dying the role of social media how the loss of a child impacts fathers siblings and relationships and the usefulness or otherwise of bereavement therapies a tribute to reuben s life this sensitive volume is for those who have experienced loss and want to gain better understanding of their experience as well as psychologists psychotherapists and counsellors working with families

natives aborigines indigenous populations and first nations are all appellations that assert the legitimacy of various antecessors despite the subordinate position granted to them by colonial postcolonial and neo colonial theories in a perpetual quest for agency the native has been framed within a set of representational practices that claim for a redress of grievances cultural mediatized and historical representations of the native tend to fall within the boundaries of either a bottom up or a top down view that fits within a structuralist paradigm that rarely questions the individual let alone the marginalized however there is a need to examine the systems within which indigenous narratives operate from a post structuralist stance in order to re read indigenous discourses and to celebrate the multiplicity of meanings inherent in them the need for an intercultural pragmatic reading of native discourse therefore reveals itself to be of utmost relevance this volume discusses indigenous literary performances native history and cultural

representations of natives and aboriginal discourse from around the world topics pivot around historicizing the native the role of testimony and primary sources displacement and the denial of native legitimacy and literary mis representations of natives among other themes

animal crossing is an innovative virtual world with a global audience beyond traditional online gamers the book is the first major study offering an interdisciplinary exploration of copyright and other laws user creativity and sociability psychology the virtual world s economic and technological basis uptake during covid 19 gamification of offline brands relationships with past contemporary computer games and animal crossing as an example of the japanification of online popular culture the book provides insights for students researchers and non specialist readers

introducing the notion of boredom into the academic context boredom and academic work proposes a fresh sociological perspective on boredom and academic work alike it invites a reader to reflect on the essence of boredom and the nature of academic work from the sociological perspective it constitutes methodological and conceptual guidance for all those interested in their own emotions both at work and outside it also provides an original interactional and essential definition of boredom and a novel standpoint for observing academic work both in its systemic and practical level and shows how the academic system influences its subjects well being motivation emotions and practices covering various approaches from the qualitative methodology linguistics sociology of work emotions and higher education and telling a story of research and teaching university staff the book will be of interest to researchers in a broad range of areas and the general academic public as well

from the bestselling author of imperfection a theory of uncertainty as the very core of the scientific method and the essence of its wonder how many times have we looked for something and found something else a partner a job an object the same thing often happens to scientists they design an experiment and discover the unexpected which usually turns out to be very important this fascinating phenomenon is called serendipity which takes its name from the mythical serendip a place from which according to a persian fable three princes set off to explore the world making chance discoveries along the way in serendipity the award winning

author of imperfection telmo pievani returns to weave a compelling story about the unexpected in science and its fascinating role in our understanding of the world going far beyond the usual examples of penicillin x rays the microwave oven and christopher columbus pievani shows that the most surprising stories of serendipity in the history of science reveal profound aspects of the logic of scientific discovery in this book he presents for the first time an archaeology of the idea a taxonomy of serendipitous discoveries an ecology of serendipity the surrounding conditions and factors that can promote it and lastly a theory of serendipity why it occurs so frequently in so many sciences from zadig to sherlock holmes pievani shows that such great discoveries are not just the product of luck instead serendipity comes from a mix of cunning curiosity sagacity imagination and accidents caught on the fly serendipity illuminates how much we don t know and how much we don t even know we don t know above all pievani reminds us that the human brain is of a piece with the world it is investigating a world so much bigger than our knowledge and it has also evolved within that world adapting as it has to

this provocative book challenges frequently voiced assertions regarding museums as necessary and valued modern institutions it raises fundamental existential questions about contemporary museums as products of the modern colonial world order drawing on practical examples of collecting and exhibiting theoretical research and critique from diverse countries across the globe including chile india korea the netherlands nigeria palestine portugal sri lanka and the united states this book moves beyond the conventional eurocentric museological framework this book synthesizes contemporary critiques of museums while arguing that societies need the sociocultural examinations that museums are capable of facilitating and that radical transformations of the museum are fraught with difficulty but also possible and necessary ultimately coffee argues that museums can only be future orientated if they are transformed into agents of social justice and inclusion divestors of illicit collections and proponents of a liberatory ethic opposing neo colonialism in all of its forms during that transformative process as this book demonstrates museum practice and museum theory must also be transformed the end of the museum culture colonialism and liberation will appeal to students researchers and practitioners interested in a critical examination of museum work and theory

in this new translation of voltaire s candide distinguished translator burton raffel captures the french novel s irreverent spirit and

offers a vivid contemporary version of the 250 year old text raffel casts the novel in an english idiom that had voltaire been a twenty first century american he might himself have employed the translation is immediate and unencumbered and for the first time makes voltaire the satirist a wicked pleasure for english speaking readers candide recounts the fantastically improbable travels adventures and misfortunes of the young candide his beloved cunégonde and his devoutly optimistic tutor pangloss endowed at the start with good fortune and every prospect for happiness and success the characters nevertheless encounter every conceivable misfortune voltaire s philosophical tale in part an ironic attack on the optimistic thinking of such figures as g w leibniz and alexander pope has proved enormously influential over the years in a general introduction to this volume historian johnson kent wright places candide in the contexts of voltaire s life and work and the age of enlightenment
