civil aviation standards and liabilities examines operational standards and obligations and investigates the consequences and failure to comply with them utilising source material from major treaties such as the Chicago Convention on Civil Aviation 1944 and its key ICAO Annexes. Key features of the ICAO Convention signed at Montreal in 1999 including carrier liability for passenger bodily injury or death are also considered. The text also examines the changing nature of civil aviation in Europe and highlights the advent of the Joint Aviation Authority (JAA) and the increasing application of the Joint Aviation Requirements (JARs) paying particular attention to their effect upon flight crew training procedures. The book also investigates topics found in international aviation litigation as well as risk management, aviation insurance and product liability.

A valuable source of reference and guidance to this important and developing area of commercial law and practice, this book provides a comprehensive guidance on the law governing contracts used by operators concerned in the movement of goods, focusing particularly on where more than one mode of transport is involved.
