from experiments in language and identity to innovations in the novel the short story and life narratives the contributors discuss the way in which bowen s work straddles informs and defies the existing definitions of modernist and postmodernist literature which dominate twentieth century writing

spectrality in modernist fiction argues that key modernist writers chiefly conrad forster butts and bowen use spectral rhetoric to tackle problems of sex and sexuality

revolution imperialism capitalism and desire all through complicated ethical engagements these engagements invariably come packaged in and are shaped by the language of spectrality in its capacity to articulate a particular sort of relationship between the past the present and the future the spectral concerns the basic question of how to proceed how to live with maybe even address ethical indeterminacy whether their spectral rhetoric traces the logics of capitalist possession conrad queer friendship and paganized christianity forster regressive politics haunted by historical traumas butts or the devious passages of perverse desire bowen these writers locate something like hope in their ghosts the ethical and political impasses they chart through their spectral rhetoric are not final but temporary and the drive to overcome them constitutes a tensile optimism
