this book draws together key issues resulting from the world trade organization s planned millennium round and the hope that it will lead to freer trade as we begin this new century

this book deals with the nature of contemporary globalisation maurice mullard aims to show that globalisation is not an inescapable unstoppable process somehow beyond human control rather that it represents and is being shaped by a series of deliberate policy choices and policy decisions the emphasis of this fascinating work is on how these policy choices are creating new forms of economic inequalities and also political elites that distort the democratic process the mapping of winners and losers goes beyond the usual analysis of the rich north versus the poor south by including an examination of the widening inequalities in the north and the emergence of new elites in the south policies of privatisation and liberalisation of water and electricity create new political elites the author reveals the shift in the north towards multi national corporations with their emphasis on profits and stock market prices while at the same time incomes for most employees have either stagnated or actually declined the standard discourse on globalisation and market flexibility often blurs the issues of declining trade union influence and corporations moving to countries offering lower labour costs maurice mullard herein attempts to rectify this imbalance the politics of globalisation and polarisation is interdisciplinary and will therefore be relevant for academics and researchers of politics social policy public policy and economics scholars involved in globalisation will find this book to be a major contribution to the ongoing debate
