this collection first published in 1992 offers critical interpretive essays on various aspects of the work of Joseph Campbell. In 1904 and 1987, one of a very few international experts on myth, Joseph Campbell examines myths and mythologies from a comparative point of view and he stresses those similarities among myths the world over as they suggest an existing transcendent unity of all humankind. His interpretations foster an openness even a generous appreciation of all myths and he attempts to generate a broad sympathetic understanding of the role of these stories in human history in our present day lives and in the possibilities of our future.
