the eleventh edition of this essential textbook captures the changing landscape of company law the book has been revised to include the notable changes brought about by the companies amendment act 2015 it provides an incisive analysis of the strategic shift brought by the companies act 2013 and the dimensions of the enabling provisions of the new law interesting and easy to understand this book is a concise text on company law it discusses the core features of company law the regulations binding the relationships the legal strategies to address the ascending problems and the legal trade offs besides focus on the core topics all the judicial and statutory developments taken place so far have been taken into account case laws are integrated throughout the book to illustrate key topics students preparing for company law or corporate law paper of respective examinations will find this book immensely useful

company law is a thoroughly modern textbook effortlessly engaging and leading the reader through the complexities of the law with exceptional clarity focused on students the core principles and doctrines are fully explained and explored supported with learning features and consistently linked with fascinating lively examples of the law in action while focusing on the law the book also responds to modern critiques of corporate regulation by linking the legal issues to debates around corporate governance book jacket

practical reference book on company law the text assumes that all the provisions of the companies act 1989 and part v of the financial services act 1986 are in force subject to this the law is stated as at 1 january 1990

the book presents the provisions of the companies act 1956 subject wise and illustrates them with numerous examples to enable the reader to understand how the law works in practice essential background material has also been given to explain the objective and implications of various provisions of the act both indian and english cases relating to incorporated companies are cited wherever necessary and relevant passages have been quoted at appropriate places from classic english works on the subject it also gives a brief history of the company law in india

understanding company law is a lively treatment of the key principles of the companies act 2006 and modern company law it takes a unique approach to the subject which also encompasses the important and growing fields of securities regulation corporate governance and corporate social responsibility the companies act 2006 is now the largest statute on the books company law can be a dry and technical subject nevertheless in understanding company law professor hudson provides a straightforward guide to the law while providing context detailed analyses of the leading cases and no little humour this book covers all of the key topics which a student reader will encounter in any company law course the discussion presents the key principles simply before guiding the reader through the more complex issues which are often the focus of examinations in this subject it also offers pathways into further reading while injecting enjoyment back into the topic it has been written by an accomplished law teacher specifically to enthuse students about this subject online support visit the author s website at alastairhudson.com to find podcasts of specially recorded lectures covering the basic principles

understanding company law 4th edition is a user friendly resource written specifically to suit non law students studying the law of companies and other business organisations providing an excellent balance between theory case law and practice understanding company law covers the essential concepts of company law business organisations financial markets takeovers and corporate governance in a clear and straightforward manner this new edition has been fully updated to take account of developments since the last edition was published in 2014 providing students with sufficient knowledge to develop a critical analysis and understanding of the topics the law is presented in the context of critique along with its uncertainties ambiguities and problems rather than as a mechanical description of the rules making it easier to understand the use of plain language ensures that the work is invaluable to students coming to the topic for the first time or who have english as a second language publisher information

this latest book and timely in the straightforward guides series a guide to company law revised edition is a clear and concise guide to all aspects of the law as it affects companies and the formation of companies with changes in the law up to 2021 covered in depth the book is intended for the layperson but can also be utilised by the professional or the student

the purpose of this text is to provide a comprehensive yet succinct examination of the most significant areas of corporations law through the identification of the key elements underlying the pertinent statutory provisions the use of a plain english writing style and simple format the text seeks to make corporations law more accessible to those who seek to study or practise in the area of corporations law since the publication of the fourth edition there have been significant

changes in corporations law from a legislative perspective important changes have also been effected through the passage of inter alia clerp 9 this has impacted significantly pertaining to executive officers and directors in particular their remuneration and financial reporting and disclosure documents judicially this period has been marked by a considerable number of important cases pertaining to directors liability arising out of inter alia high profile corporate collapses including hih and one tel these cases have provided guidance as to the applicability of both statutory and equitable directors duties but also clarified the procedural and substantive law aspects of the penalties flowing from breaches of such duties

the routledge handbook of corporate law provides an accessible overview of current research in the field from an international and comparative perspective in recent years there has been an explosion of corporate law research as this area of law continues to develop rapidly throughout the world traditionally anglo american corporate law theory has dominated debates and publications however this handbook readdresses the balance by exploring the treatment of corporate law in both europe and asia as well developments in the us and uk bringing together a wide range of key thinkers in the field this volume is divided into three main parts thinking about corporate law corporate law principles and governance some cross cultural comparisons providing up to date and authoritative articles covering all the key aspects of corporate law this reference work is essential reading for advanced students scholars and practitioners in the field

using a contextual framework this textbook demonstrates how modern company law is shaped by economics ideology and existing law this critical introduction invigorates a sometimes dry and technical subject by putting it in its political and historical context with a 12 chapter structure that closely maps company law courses this edition includes a new chapter on uk corporate governance codes a new chapter on pre incorporation contracts and the historical demise of the ultra vires doctrine a new chapter on shares shareholders and share transfers inclusion of developing case law on the statutory derivative claim a revised case study adapted around recent developments

with particular emphasis on corporate governance and the theoretical bases underlying company law this book focuses on key principles taught on undergraduate courses and is highly praised for its clarity of explanation and authoritative style
