child's fifth grade class in English students will now read more informational texts. This type of passage provides facts and often deals with current events, science, and social studies. In addition, questions posed about these readings will ask students to find evidence and use it to formulate an argument in order to master new literacy standards. Students will need a larger and stronger vocabulary to allow them to both tackle complex readings and write acceptable arguments. In mathematics, students will spend more time developing their understanding of specific and important math concepts. Students will be expected to both demonstrate understanding of each topic and apply their mathematical skills to real-world situations. As a parent, it is important not only to understand the new standards but also to have the tools to help your child do his or her best in school. This book is designed to provide you with the guidance and resources to support classroom learning and help your child succeed. It includes an annotated review of the standards highlighting what your child should master during third grade, 20 important lessons that you can do together with your child to support them as they progress through the school year, a vocabulary section designed to make sure your child masters the most important academic words, 200 practice questions to improve your child's skills, a diagnostic quiz, and 20 mini quizzes to check for understanding.
