excerpt from blackboard reading in teaching beginners to read it is imperative that much time be spent in preparatory exercises upon the blackboard these blackboard lessons are especially adapted to the needs of beginners and should precede the work of a regular primer or first reader all black board lessons should be written not printed never teach the beginners to print very few teachers can print so that the letters at all resemble the print of books and papers what is far preferable to the teacher printing on the blackboard is the plan of having sight word card drills these cards 5 x 81 inches are made of heavy manila paper and can be obtained at any bindery it is better to have the corners cut round on one side of the card print the word with large rubber type and on the other side write the word with either a rubber pen or black crayola about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at [forgottenbooks.com](http://forgottenbooks.com) this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing

imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

excerpt from blackboard sketching ability to draw easily and well on the blackboard is a power which every teacher of children covets such drawing is a language which never fails to hold attention and awaken delighted interest it has been considered impossible for most of us because we have never done it it has been strongly recommended but no one has really shown us how a book like this which does show how step by step from the first practice strokes to completed and effective sketches will be everywhere welcome no one can follow the plain suggestions given without appreciating the possibilities of chalk and charcoal for ordinary school room illustration and finding in himself a steady development of power to sketch on the blackboard the book is not the product of theories about drawing but the fruit of long experience of one who has drawn with and for children and students and teachers and has been more successful than any one i know in inspiring them by that means i welcome the book and predict for it a potent influence for increasing and improving blackboard drawing throughout the schools of the land about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
