this book demonstrates that civil-military relations have evolved beyond symbiosis to quasi-institutionalization in post-deng xiaoping china as the people's liberation army (PLA) is a leninist party army it is commonly assumed that the relationship between the chinese communist party (CCP) and the PLA is symbiotic and institutional boundaries based on a clear functional division of labor are absent between the two this symbiosis suggests that the primary role of the PLA is in

china s domestic politics it is to participate in intra ccp leadership power struggle and in defending the ccp regime against popular rebellions from within chinese society by analyzing major changes in the functions of the pla political commissar system the extent of the pla involvement in the power struggle of the ccp leadership and the circulation of elites across civil military institutional boundaries this book offers a new theoretical explanation of civil military relations in china it also discusses the implications of the findings for china s domestic politics and foreign policy

the essays that make up this volume offer the reader a full introduction to and analysis of the politics of the people s republic of china from 1949 to the mid 1990s

although the last half of the twentieth century has been called the age of democracy the twenty first has already demonstrated the fragility of its apparent triumph as the dominant form of government throughout the world reassessing the fate of democracy for our time distinguished political theorist ralph ketcham traces the evolution of this idea over the course of four hundred years he traces democracy s bumpy ride in a book that is both an exercise in the history of ideas and an explication of democratic theory ketcham examines the rationales for democratic government identifies the fault lines that separate democracy from good government and suggests ways to strengthen it in order to meet future challenges drawing on an encyclopedic command of history and politics he examines the rationales that have been offered for democratic government over the course of four manifestations of modernity that he identifies in the western and east asian world since 1600 ketcham first considers the fundamental axioms established by theorists of the enlightenment bacon locke jefferson and reflected in america s founding then moves on to the mostly post darwinian critiques by bentham veblen dewey and others that produced theories of the liberal corporate state he explains late nineteenth century asian responses to democracy as the third manifestation grounded in confucian respect for communal and hierarchical norms followed by late twentieth century postmodernist thought that views democratic states as oppressive and seeks to empower marginalized groups ketcham critiques the first second and fourth modernity rationales for democracy and suggests that the asian approach may represent a

reconciliation of ancient wisdom and modern science better suited to today's world he advocates a reorientation of democracy that de-emphasizes group or identity politics and restores the wholeness of the civic community proposing a return to the jeffersonian universalism that which informed the founding of the united states if democracy is to flourish in a fifth manifestation the idea of democracy in the modern era is an erudite interdisciplinary work of great breadth and complexity that looks to the past in order to reframe the future with its global overview and comparative insights it will stimulate discussion of how democracy can survive and thrive in the coming era
