this book explores the future of humanity covering topics such as human evolution technology climate change work demographics ethics and different possible scenarios for the future it argues that by working together and prioritizing long term well being we can shape a positive future for humanity

here is an important new theory of human action a theory that assumes actions are founded on choices made by agents who face an open future it is a theory that makes indeterminism not only intelligible but illuminating tools from philosophy of language and philosophical logic help generate a full scale account of agents seeing to it that the authors then proceed to clarify a variety of action related topics such as determinism vs indeterminism imperatives promises strategies joint agency could have done otherwise deontic constructions and assertions about a not yet settled future

this volume comprises the papers and debates of the second france ilo symposium on the future of work employment and social protection reflecting the aim of the symposium itself the book provides in depth reflections on work employment and social protection designed to be more than an account of the discussions this book is a useful tool for all those interested in labour market transition and the increasing importance of female labour for the future of the labour markets particularly in the developed world the book discusses the need for more family friendly policies and a more radical policy of equality between the sexes the

legal dimensions of labour market change are also debated and the book explores the positive and negative sides of globalization and its links with technological change

canadians view their healthcare recognized throughout the world as an exemplary system as iconic and integral to their identity in toward the health of a nation leslie boehm recounts the first seventy years in the life of one of the foundations of canada s healthcare system the institute of health policy management and evaluation at the university of toronto boehm a graduate of ihpme and an instructor there throughout his career charts the institute s history from its inception in 1947 as the department of hospital administration to the present day the first program of its kind in canada and one of the few in the world the school was founded at a time when the issue of healthcare was becoming a significant part of national and provincial discussions and policies initially concentrating on hospital management and professional degrees it has expanded to offer academic degrees and facilitate important research into health systems policies and outcomes in toward the health of a nation boehm demonstrates the excellence of the program its faculty and its graduates as well as their accomplishments in major government initiatives and royal commissions in the seventy years since ihpme s inception healthcare has grown to become a major part of government and business activity and it will only increase in coming years an in depth history of a major program in graduate health education toward the health of a nation highlights how important healthcare is to a modern functional society

agriculture mining and related rural industries have been central to the development of australia s economy this book details the role that the australian government has played in the making of rural and regional australia particularly since world war ii the book reviews these policies and evaluates them with regards the commitments undertaken by the government to contribute towards vibrant rural communities policy areas addressed include agriculture water education welfare and population natural resource management resource extraction indigenous and affairs localism rural research and regional innovation youth affairs and the devolution of regional governance overall two distinct policy strategies can be observed one wherein the government saw its role as part of the entrepreneurial state and a sector wherein government has increasingly taken itself out of industry development leaving this role to the market having considered these strategies and their impacts the book concludes that policy over the past 40 years has not in fact contributed to a more vibrant prosperous rural and regional australia rural and regional futures concludes with several chapters looking to the future one chapter explores what the role of the state can be within a social market economy while the final chapter gives consideration to the initial steps rural communities will need to take to begin the process of revitalisation while these materials present as a case study of developments in australia the policy shift from the government as entrepreneur to a focus on markets is an international one and as such the insights offered by this book will have wide appeal

the third edition of the social studies curriculum thoroughly updates the definitive overview of the primary issues teachers face when creating learning experiences for students in social studies by connecting the diverse elements of the social studies curriculum history education civic global and social issues the book offers a unique and critical perspective that separates it from other texts in the field this edition includes new work on race gender sexuality critical

multiculturalism visual culture moral deliberation digital technologies teaching democracy and the future of social studies education in an era marked by efforts to standardize curriculum and teaching this book challenges the status quo by arguing that social studies curriculum and teaching should be about uncovering elements that are taken for granted in our everyday experiences and making them the target of inquiry
