regina s secret spaces love and lore of local geography is an anthology of essays and poems by eighty writers artists architects musicians patrons of the arts and cultural theorists who were inspired by and answered the call of editors lorne beug anne

campbell and jeannie mah to share their favourite regina secret some submissions were quirky and whimsical delighting in those things small yet significant which bring joy and connect us to the place we live others were more serious and more theoretical examining power structures both past and present and how these have shaped and are still shaping the city reflective engaging and insightful all express and abiding fondness for the city of regina

this eclectic wide ranging anthology of essays art poetry fiction and memoir gathers distinguished contributors from wole soyinka to joyce carol oates

the 8 volume set lncs 16000 16008 constitutes the proceedings of the 45th annual international cryptology conference crypto 2025 which took place in santa barbara ca usa during august 17 21 2025 the total of 156 full papers presented in the proceedings was carefully reviewed and selected from 643 submissions they focus on cryptographic topics such as foundational theory and mathematics the design proposal and analysis of cryptographic primitives and protocols secure implementation and optimization in hardware or software applied aspects of cryptography

this is a compilation of government conspiracies from the u s and the world

this book investigates tradeoff between security and usability in designing leakage resilient password systems lrp and introduces two practical lrp systems named cover pad and shadowkey it demonstrates that existing lrp systems are subject to both brute force attacks and statistical attacks and that these attacks cannot be effectively mitigated without sacrificing the usability of lrp systems quantitative analysis proves that a secure lrp system in practical settings imposes a considerable amount of cognitive workload unless certain secure channels are involved the book introduces a secure and practical lrp system named cover pad for password entry on touch screen mobile devices cover pad leverages a temporary secure channel between a user and a touch screen which can be easily realized by placing a hand shielding gesture on the touch screen the temporary secure channel is used to deliver a hidden message to the user for transforming each password symbol before entering it on the touch screen a user study shows the impact of these testing conditions on the users performance in practice finally this book

introduces a new lrp system named shadowkey shadow key is designed to achieve better usability for leakage resilient password entry it leverages either a permanent secure channel which naturally exists between a user and the display unit of certain mobile devices or a temporary secure channel which can be easily realized between a user and a touch screen with a hand shielding gesture the secure channel protects the mappings between original password symbols and associated random symbols unlike previous lrp system users shadow key users do not need to remember anything except their passwords leakage resilient password systems is designed for professionals working in the security industry advanced level students studying computer science and electrical engineering will find this brief full of useful material

this completely reworked second edition of modern esoteric includes new information over a dozen additional images and up to date revisions winner of the best book design 2014 modern esoteric examines the flaws in modern history and looks at how conspiracy theories esoteric knowledge and fringe subjects can be used to help change the dead end course humanity seems to be following the lifeology section explores the long and storied alternative narrative of life on this planet in the control section author brad olsen examines how big brother is here in the form of the new world order and how they keep the knowledge of humankind s true nature from the mass population finally the thrive section looks at all the ways humans are evolving to achieve their full potential
