jurisdictions have impacted the enforceability of arbitral awards and how parties can take steps to ensure that they secure enforceable awards in addition they will clearly discern the enforcement track record for arbitral awards in russia and former ussr states and how each jurisdiction treats enforcement applications greatly clarifying decisions on choices by parties and determination of seat of arbitration because this book makes arbitration law and procedure in russia and the former ussr states accessible for the first time in english thus assisting evaluation of prospects of enforcing foreign arbitral awards in that part of the world it will be warmly welcomed by in house counsel arbitrators arbitral institutes judges researchers and academics focused on international arbitration

thatcher provides an accessible and scholarly introduction to the personality and career of britain s first female political leader and the twentieth century s longest serving prime minister providing a balanced narrative and assessment of one of the most significant figures of the post war era this new biography examines the reasons why margaret thatcher has been admired by many as an architect of national revival yet loathed by others as the author of widening social and geographical division the book begins by examining the making of margaret thatcher her education the beginning of her political career and her rise through the conservative party to her appointment as unexpected leader moving on to her tenure as prime minister graham goodlad then examines her impact at home and abroad covering her controversial economic policies and hard line with the trade unions leadership through the falklands conflict and during the last decade of the cold war and influence on britain s relationship with a more closely integrated europe finally the biography closes with a review of thatcher s legacy before and after her death in april 2013 and considers how far she shaped the politics and society of the 1980s and those of our own time thatcher is essential reading for all students of twentieth century history and politics

paula bartley s queen victoria examines victorian britain from the perspective of the queen victoria s personal and political actions are discussed in relation to contemporary shifts in britain s society politics and culture examining to what extent they did or did not influence events throughout her reign drawing from contemporary sources including queen victoria s own diaries as well as the most recent scholarship the book contextualises victoria historically by placing her in the centre of an unparalleled period of innovation and reform in which the social and political landscape of britain and its growing empire was transformed balancing victoria s private and public roles it will examine the cultural paradox of the queen s rule in relation to the changing role of women she was a devoted wife prolific mother and obsessive widow who was also queen of a large empire and empress of india marrying cultural history gender history and other histories from below with high politics war and diplomacy this is a concise and accessible introduction to queen victoria s life for students of victorian britain and the british empire

this new edition of Lucy Wooding's Henry VIII is fully revised and updated to provide an insightful and original portrait of one of England's most unforgettable monarchs and the many paradoxes of his character and reign. Henry was a Renaissance prince whose court dazzled with artistic display yet he was also a savage adversary who ruthlessly crushed all those who opposed him. Five centuries after his reign he continues to fascinate, always evading easy characterization. Wooding locates Henry VIII firmly in the context of the English Renaissance and the fierce currents of religious change that characterized the early Reformation as well as exploring the historiographical debates that have surrounded him and his reign. This new edition takes into account significant advances in recent research, particularly following the five hundredth anniversary of his accession in 2009, to put forward a distinctive interpretation of Henry's personality and remarkable style of kingship. It gives a fresh portrayal of Henry VIII, cutting away the misleading mythology that surrounds him in order to provide a vivid account of this passionate, wilful, intelligent and destructive king. This compelling biography will be essential reading for all early modern students.

the first and best primer for the cardiovascular interventionalist, updated with more than twenty new chapters and all new questions and answers. A doody's core title for 2021, filling a crucial gap in procedural knowledge, this groundbreaking reference was the first to focus on interventional cardiovascular procedures. Interventional cardiology, second edition, includes a completely updated section on procedures as well as chapters on the necessary scientific foundation to which specialists will refer every day in their clinical practice. In addition, each procedural chapter is enhanced by valuable tips and pitfalls from an internationally recognized group of experts. The comprehensive coverage of this groundbreaking resource is highly accessible thanks to a well-organized full-color format that synthesizes important information and provides a consistent template in describing each procedure throughout the book. Charts and tables help to summarize key concepts and can serve as the basis for a detailed overview. Features new to this edition: multiple choice questions with answers at the end of most chapters; 21 new chapters including history of interventional cardiology, publishing interventional cardiology research, based learning, medical simulation in interventional cardiology, emerging clinical applications of physiologic and intravascular imaging tools, an overview of MitraClip procedure, cell therapy for cardiovascular disease, and more. Edited by some of the foremost experts in the field and featuring contributions from key opinion leaders in interventional cardiology, top-to-bottom coverage of the latest interventional cardiology techniques, valuable perspectives on avoiding and properly managing complications, up-to-date information on devices, numerous high-quality full-color images and figures throughout, high-yield content makes it valuable for board review. More than 1,500 illustrations, including more than 600 full-color photographs.
