the celebration of the sacrament of baptism underwent a major change in the years after the second vatican council 1962 65 the rite of christian initiation of adults was revised to take into account the situation of the contemporary world by incorporating insights from the earliest centuries of the church the rite of baptism for children was renewed to take into account the role of parents and godparents in a more direct way these two situations the initiation of adults who profess their own faith and the baptism of children whose faith is professed for them are the object of this book

the symbols and actions of the rites together with the words of scripture and prayer are explored to answer the question how do these celebrations reveal a theology of initiation and baptism for today's catholic community. Michael G. Witczak, S.J., is a priest of the archdiocese of Milwaukee and an assistant professor in liturgical studies at the Catholic University of America. His writings have appeared in *Theological Studies*, *Ecclesia*, *Orans*, and *Liturgical Ministry*.

The author discusses the theology of the sacrament of reconciliation that emanated from the reformed rites that were promulgated after Vatican II. He treats the public nature of sin and forgiveness and shows that the church has always been concerned to continue Christ's reconciling ministry in a public and sacramental way. Further, he treats the constitutive parts of the developed sacrament and analyzes the sacramental forms of reconciliation as well as the non-sacramental form in a way that reveals their complementarity. He concludes by suggesting some possibilities for the development of the sacrament.

In his text, Bishop Sheen skillfully describes the elements particular to each sacrament, defining the matter and form necessary for valid administration.

In *The Sacrament of the Eucharist*, the latest volume in the *Lex Orandi* series, John D. Laurance considers the Eucharist by

way of two questions how by his first century life death and resurrection does jesus christ save all human beings throughout history from eternal death and make possible their permanent union with god how is that salvation made available now through the community of the church in her liturgical celebrations soteriology and ecclesiology therefore play a prominent role in laurance s investigation after forging a theology of the liturgy primarily out of the work of rahner kilmartin and chauvet the author investigates the nature of the lex ordandi lex credendi relationship and offers guidelines on how best to read the church s faith in her life of prayer he then uses both steps to discover the faith meaning of a particular eucharist as typically celebrated in a modern american parish on sunday morning

reconciliation and justification offers a thorough historical and theological background on reconciliation and justification it is an excellent textbook for theology a good stimulus for discussion and a significant contribution to all theological libraries since vatican ii the sacrament of reconciliation has met with both successes and difficulties author kenan b osborne o f m contends that one of the main reasons for difficulty with the renewal of this sacrament is that it lacks the integration of justification theology he outlines key issues on justification within the biblical theology of st paul and traces the historical theological and liturgical developments from the first century to the present thus fr osborne enriches our conception of reconciliation through these reflective christological and ecclesiological dimensions
