scatological shock merchants untrained social workers conflict zone tourists from a certain standpoint the relationship between contemporary art and ethics involves a string of negative conjunctions at their center stands the artist whose personality and intentions often serve as an ethical measure of the work this book operates on the basis of a different premise that artworks themselves have ethical effects and looking at these effects can tell us about wider processes of social change as the first full length study of its kind to outline a positive vision of the ethics of contemporary art this book distances itself from previous accounts that focus on transgression the critique of transgressive art is not made on the basis that it is wrong but that it no longer succeeds on its own terms in societies where language prohibition and morality are more plastic than they once were by drawing on the work of Félix Guattari and Jacques Lacan the book develops a novel theoretical framework that emphasizes the effect of art on subjectivity along the way artworks by Kader Attia Artur Zmijewski Dora García and others serve as springboards launching discussions of the varied pathways along which a renewed ethics of contemporary art might develop

now in an updated edition with fresh perspectives on high profile ethical issues such as torture and same sex marriage this collection pairs cogently argued essays by leading philosophers with opposing views on fault line public concerns revised and updated new edition with six new pairs of essays on prominent contemporary issues including torture and same sex marriage and a survey of theories of ethics by Stephen Darwall leading philosophers tackle colleagues with opposing views in contrasting essays on core issues in applied ethics an ideal semester length course text certain to generate vigorous discussion

arguments about ethics often centre on traditional questions of for instance euthanasia and abortion whilst these questions are still in the foreground recent years have seen an explosion of new moral problems moral and political clashes are now as likely to be about sexuality and gender and the status of refugees immigrants and borders or the ethics of social media safe spaces disability and robo ethics how should we approach these debates what are the issues at stake what are the most persuasive arguments edited by best selling philosophy author David Edmonds ethics and the contemporary world assembles a star studded line up of philosophers to explore twenty five of the most important ethical problems confronting us today they engage with moral problems in race and gender the environment war and international relations global poverty ethics and social media democracy rights and

moral status and science and technology whether you want to learn more about the ethics of poverty food extremism or artificial intelligence and enhancement this book will help you understand the issues sharpen your perspective and hopefully make up your own mind

this book is designed to lead any student into the subject of ethics and does so through selected classic and contemporary articles the volume is prefaced by two extensive introductions by the editors and each article is also situated by an explanatory passage this volume is for any student taking a course or module in ethics back cover

ethics contemporary readings is designed to lead any student into the subject through carefully selected classic and contemporary articles the book includes articles by the leading figures in the field and provides an excellent entry to the topic the book complements harry gensler s ethics a contemporary introduction routledge 1998

ethics of contemporary collecting addresses pressing and pertinent issues around ethical contemporary collecting reflecting on how practices are evolving or in flux across three sections each containing live sector subjects from the climate crisis to digital collecting to centring communities this book collates a combination of case studies and in depth chapters by leading practitioners working in the field these pieces are instructive and provide practical transferable examples of how people have approached these challenges it highlights examples of leading practice in the field and illustrates ethical approaches to contemporary collecting as work in this area progresses and our conversations about it advance to reflect this ongoing growth the book closes with an activations section of discussion prompts intended to keep the conversations and progress on individual institutional and societal levels going ethics of contemporary collecting is an indispensable tool for informing training and educating the next generation of curators and collection professionals and inspiring future collecting projects

over 30 years ronald f duska has established himself as one of the leading scholars in business ethics this book presents duska s articles the years on ethics business ethics teaching ethics agency theory postmodernism employee rights and ethics in accounting and the financial services industry these reflect his underlying philosophical concerns and their application to real world challenges a method that might be called an aristotelian common sense approach to ethical decision making

explore the major perspectives in ethical theory and a broad range of contemporary

moral debates with mackinnon fiala s ethics theory and contemporary issues 9th edition illuminating overviews and a selection of readings from traditional and contemporary sources make even complex philosophical concepts reader friendly important notice media content referenced within the product description or the product text may not be available in the ebook version

ethics has been addressed in health care but relatively little attention has been paid to the subject in the social care sector this book redresses the balance by examining theory research policy and practice in both fields the importance of this approach is reflected in the growing emphasis on ethical issues in research and practice

ethics has become big business but have businesses become ethical this is a central question for today s managers managing ethics is critical in an era characterized by unprecedented corporate power and a myriad of competing ethical traditions giving new insights into the understanding of ethics for today s organization practice and managerial behaviour this timely volume edited by well respected industry authorities provides an overview and critique of ethics as they relate to contemporary challenges and issues such as globalization sustainability consumerism neo liberalism corporate collapses leadership and corporate regulation this book an essential read for postgraduate students of business and ethics is organized around the core question what are the ethics of organizing in today s institutional environment and what does this mean for the practice of management and the organization of business in response to this the contributors examine ethics as it is deeply embedded in the everyday practice of management interdisciplinary contributions from the fields of sociology philosophy management organization studies and public administration provide unique perspectives while case studies and real life examples illustrate the challenges and dilemmas faced in practice each chapter has a brief overview and editor s introduction which skilfully summarizes key points and draws connections between the chapters

working virtue is the first substantial collective study of virtue theory and contemporary moral problems leading figures in ethical theory and applied ethics discuss topics in bioethics professional ethics ethics of the family law interpersonal ethics and the emotions virtue ethics is centrally concerned with character traits or virtues and vices such as courage cowardice kindness heartlessness and generosity stinginess these character traits must be looked to in any attempt to understand which particular actions are right or wrong and how we ought to live our lives as a theoretical approach virtue ethics has made an impressive comeback in relatively recent history both posing an alternative to and in some ways complementing well

known theoretical stances such as utilitarianism and deontology yet there is still very little material available that presents virtue ethical approaches to practical contemporary moral problems such as what we owe distant strangers our parents or even non human animals this book fills the gap by dealing with these and other pressing moral problems in a clear and theoretically nuanced manner the contributors offer a variety of perspectives including pluralistic eudaimonistic care theoretical chinese comparative and stoic this variety allows the reader to appreciate not only the wide range of topics for which a virtue ethical approach may be fitting but also the distinctive ways in which such an approach may be manifested

this book addresses such key ethical issues as euthanasia the environment biotechnology abortion the family sexual ethics and the distribution of health care resources michael banner argues that the task of christian ethics is to understand the world and humankind in the light of the credal affirmations of the christian faith and to explicate this understanding in its significance for human action through a critical engagement with the concerns claims and problems of other ethics he illustrates both the distinctiveness of christian convictions in relation to the above issues and also the critical dialogue with practices based on other convictions which this sense of distinctiveness motivates but does not prevent the book s importance lies in its attempt to show the crucial difference which christian belief makes to an understanding of these issues whilst at the same time demonstrating some of the weaknesses and confusions of certain popular approaches to them

through a combination of the illuminating overviews composed by the editor and readings drawn from important traditional and contemporary sources mackinnon s ethics provides students with an introduction to both ethical theory and the moral debates surrounding a variety of contemporary issues edited with the intention of providing reader friendly but not superficial access to many complex concepts ethics is a comprehensive and clear sighted introduction to both the general and specific guises ethical deliberation is obliged to take

while ethics has been addressed in the health care literature relatively little attention has been paid to the subject in the field of social care this book redresses the balance by examining theory research policy and practice in both fields the importance of this approach is reflected in the growing emphasis on ethical issues in research and practice and in britain on government policy aimed at improving partnership working across the two sectors
