the portfolio organizer stands out as a superb contribution to the vital field of accountability for learning this book is distinguished by the presence and integration of a conceptual framework and a superb array of practical examples nearly every key issue is anticipated and addressed in this accessible and clear treatment of a complex topic the reason that this book is so good is that the authors have been immersed in pioneering work on portfolios for a decade they have developed their ideas through work with their own students and through a wide range of research and evaluation projects including new initiatives involving elementary and secondary school students initial preparation of teachers and continuous professional development of teachers and administrators they have learned by grappling with the complex issues of introducing evaluation that simultaneously serves improvement and accountability goals the result is a great practical book that can help educators develop their understanding and use of portfolios as a route to reform this book provides

educators with a flexible framework to guide decision making for effective and efficient use of portfolios in classrooms and schools it is designed to assist classroom teachers administrators staff developers and university professors in identifying organizing and acting upon the many challenges and possibilities inherent in portfolio implementation specifically the portfolio organizer targets the major categories of decision making and assists teachers in making decisions about effective portfolio implementation in classrooms in addition the book addresses professional portfolios and can be used by educators to develop and maintain their own portfolios note this product listing is for the adobe acrobat pdf version of the book

this book by combining sociocultural material cognitive and embodied perspectives on human knowing offers a new and powerful conceptualisation of epistemic fluency a capacity that underpins knowledgeable professional action and innovation using results from empirical studies of professional education programs the book sheds light on practical ways in which the development of epistemic fluency can be recognised and supported in higher education and in the transition to work the book provides a broader and deeper conception of epistemic fluency than previously available in the literature epistemic fluency involves a set of capabilities that allow people to recognize and participate in different ways of knowing such people are adept at combining different kinds of specialised and context dependent knowledge and at reconfiguring their work environment to see problems and solutions anew in practical terms the book addresses the following kinds of questions what does it take to be a productive member of a multidisciplinary team working on a complex problem what enables a person to integrate different types and fields of knowledge indeed different ways of knowing in order to make some well founded decisions and take actions in the world what personal knowledge resources are entailed in analysing a problem and describing an innovative solution such that the innovation can be shared in an organization or professional community how do people get better at these things and how can teachers in higher education help students develop these valued capacities the answers to these questions are central to a thorough understanding of what it means to become an effective knowledge worker and resourceful professional

are you a web developer or designer who wishes you could have all the reference information you will need for your job in one handy sized book rather than having to carry around several large tomes or browse countless web sites well look no further as the professional s handbook does just that providing a one size fits all reference on ubiquitous client side technologies such as html javascript and css as well as design principles such as accessibility graphics optimization and page layout it isn t a completely exhaustive reference of all the topics contained within because obviously that would be impossible in a book of this size however it does answer most of the common questions a web professional is likely to come up against in their day to day work in a lively concise style choose the professional s handbook to take all the boredom out of reference

in these uncertain times how much can you trust health news is the research behind breaking headlines reliable this book is an indispensable resource for students and general readers helping them evaluate and think critically about health information people who drink coffee live longer students learn better

when listening to classical music scientists discover the gene that causes obesity we are constantly bombarded with reports of groundbreaking health findings that use attention grabbing headlines and seem to be backed by credible science yet many of these studies and the news articles that discuss them fall prey to a variety of problems that can produce misleading and inaccurate results some of these may be easy to notice like a research study on the benefits of red meat funded by the beef industry or a study with a sample size of only 10 people but others are much harder to spot skewed studies exploring the limits and flaws of health and psychology research examines the most pervasive problems plaguing health research and reporting today using clear accessible language and employing real world examples to illustrate key concepts beyond simply outlining issues it provides readers with the knowledge and skills to evaluate research studies and news reports for themselves improving their health literacy and critical thinking skills

edited by stephanie w cawthon and carrie lou garberoglio research in deaf education contexts challenges and considerations is a showcase of insight and experience from a seasoned group of researchers across the field of deaf education research in deaf education begins with foundational chapters in research design history researcher positionality community engagement and ethics to ground the reader within the context of research in the field here the reader will be motivated to consider significant contemporary issues within deaf education including the relevance of theoretical frameworks and the responsibility of deaf researchers in the design and implementation of research in the field as the volume progresses contributing authors explore scientific research methodologies such as survey design single case design intervention design secondary data analysis and action research at large in doing so these chapters provide solid examples as to how the issues raised in the earlier groundwork of the book play out in diverse orientations within deaf education including both quantitative and qualitative research approaches designed to help guide researchers from the germ of their idea through seeing their work published research in deaf education offers readers a comprehensive understanding of the critical issues behind the decisions that go into this rigorous and important research for the community at hand

essentials of correctional nursing is the first new and comprehensive text about this growing field to be published in the last decade fortunately the editors have done a great job in all respects this book should be required reading for all medical practitioners and administrators working in jails or prisons it certainly belongs on the shelf of every nurse physician ancillary healthcare professional and corrections administrator corhealth the newsletter of the american correctional health services association i highly recommend essentials of correctional nursing by lorry schoenly phd rn cchp rn and catherine m knox mn rn cchp rn editors this long awaited book dedicated to the professional specialty of correctional nursing is not just a "good read" it is one of "those books" that stays on your desk and may never make it to the bookshelf american jails correctional nursing has minimal published texts to support educate and provide ongoing best practices in this specialty schoenly and knox have successfully met those needs with essentials of correctional nursing journal of correctional health care nurses have been described as the backbone of correctional health care yet the complex challenges of caring for this disenfranchised population are many ethical dilemmas around issues of patient privacy and self determination abound and the ability to adhere to the

central tenet of nursing the concept of caring is often compromised essentials of correctional nursing supports correctional nurses by providing a comprehensive body of current evidence based knowledge about the best practices to deliver optimal nursing care to this population it describes how nurses can apply their knowledge and skills to assess the full range of health conditions presented by incarcerated individuals and determine the urgency and priority of requisite care the book describes the unique health needs and corresponding care for juveniles women and individuals at the end of life chapters are devoted to nursing care for patients with chronic disease infectious disease mental illness or pain or who are in withdrawal from drugs or alcohol chapters addressing health screening medical emergencies sick call and dental care describe how nurses identify respond to and manage these health care concerns in the correctional setting the essentials of correctional nursing was written and reviewed by experienced correctional nurses with thousands of hours of experience american nurses association standards are woven throughout the text which provide the information needed by nurses studying for certification exams in correctional nursing the text will also be of value to nurses working in such settings as emergency departments specialty clinics hospitals psychiatric treatment units community health clinics substance abuse treatment programs and long term care settings where they may encounter patients who are currently or have previously been incarcerated key features addresses legal and ethical issues surrounding correctional nursing covers common inmate patient health care concerns and diseases discusses the unique health needs of juveniles women and individuals at the end of life describes how nurses can safely navigate the correctional environment to create a therapeutic alliance with patients provides information about health screening medical emergencies sick call and dental care serves as a core resource in the preparation for correctional nursing certification exams

taking in a century of change this work focuses on how the supreme court brought the juvenile court system under constitutional control it describes the case of gerald gault an arizona teenager who was sent to reform school for making an obscene phone call
