race in 21st century america tackles the problematic and emotionally laden idea of race in the united states it brings together intellectuals and scholar activists who present critical and often conflicting appraisals of how race remains a central component of the nation s social landscape and political culture and shows how americans might begin to move beyond the strictures of race and racism

twenty two leading latin american philosophers are featured in this complete anthology on the human condition values and the search for identity bibliography

examines u s security strategy and the appropriate response by our naval services papers global trends and amer strategic traditions russia in strategic perspective beyond korea pacific peace pacific contention the u s in the face of the islamic revival a strategic checklist for the post cold war world leveraging strategic assets to enhance international security the strategy of selective engagement u s grand strategy mission impossible strategic concepts for the future naval diplomacy in the 21st century grand strategy and naval force structure classic roles and future challenges and naval power in national strategy in the 2nd amer century

between 1700 and 1830 men and women in the english speaking territories framing the atlantic gained unprecedeted access to material things the british atlantic was an empire of goods held together not just by political authority and a common language but by a shared material culture nourished by constant flows of commodities diets expanded to include exotic luxuries such as tea and sugar the fruits of mercantile and colonial expansion homes were furnished with novel goods like clocks and earthenware teapots the products of british industrial ingenuity this groundbreaking book compares these developments in britain and north america bringing together a multi disciplinary group of scholars to consider basic questions about women men and objects in these regions in asking who did the shopping how things were used and why they became the subject of political dispute the essays show the profound significance of everyday objects in the eighteenth century atlantic world

provides the first comparison of the thought of these two political philosophers and its influence on contemporary american conservatism
