the m4 sherman tank was the mainstay of the western allies between 1942 and 1945 fast and modern it was a big success and was transported as far afield as russia and north africa the american chief of staff claimed in november 1943 it was hailed widely as the best tank on the battlefield today however by the normandy invasion of june 1944 this was not the case the new german heavy tanks such as the panther and tiger were completely outclassing the sherman this illustrated book covers the m4 version armed with the 76 mm gun examining developments such

as the hvss suspension using much new archive material

the eminent harvard educationalist howard garner writes a preface to the place model within his good project blog which provides a preface to this timely book professional is a slippery term open to willful abuse misuse and misunderstanding as evidenced by the ways in which this chameleon term can be used as both a compliment and an insult in this book academics from a range of professional fields deconstruct professional and reimagine professionals in an age of rapid change where professionals are both increasingly in demand and frequently under threat several deploy the lens of clarke s place model to examine professions including teaching midwifery social work journalism and optometry some papers are empirical and some are based around using the place model as a thought experiment all turn a critical eye on professionals and all find them to be like all humans neither devils nor divines maya angelou but at their best a combination of two indispensable characteristics trustworthiness and expertise
