the book outlines the approaches of classical elite theory and democratic elitism for the study of national power structures the book displays different research methods for elite study as well as the power conceptions included within these methods an elite structure typology is derived from the elite theory and applied to chart the changes in the elite structure of one country finland the data of this work is unique in international comparison postal surveys were conducted among the elites and the citizenry in 1991 2001 and 2011 the study explores empirically the changes occurring in the elite structure from the early 1990s to the present day a period that has been characterized by important societal upheavals such as the great recession of the early 1990s finland s accession to the european union in 1995 and the international financial crisis and the eurozone debt crisis in the 2000s the main focus is on how the elite structure has changed in terms of vertical social mobility i e openness on the one hand and horizontal mobility i e coherence on the other with regard to vertical social mobility the research interest focuses on changes in elites social background and various factors advancing their recruitment and career into elite positions as for horizontal mobility the study focuses on the elites different channels of contact with other influential groups in society networking with various societal institutions the attitudinal unanimity within various elites and between the elites and the citizenry mobility between different elite groups i e circulation the accumulation of power positions and the retention and loss of elite positions the findings are compared with previous international studies especially scandinavian elite studies finally the study considers what the results tell us about the state of democracy

originally published in 1966 this book brings together papers dealing with the emergence and development of elites in sub saharan africa among social categories ranging from farmers and women market traders through foremen and merchants to administrators and managers in government and industry the authors analyse distinctive social characteristics and attitudes and the development of class consciousness

presents unabridged works and substantive abridgments in preeminent translations along with balanced lucid sophisticated introductions this book includes a wide and balanced selection of many of the more important texts of

modern political thought to its great credit it provides pertinent excerpts from frequently neglected authors such as calvin and hume which it nicely juxtaposes appear to be good and the introductions to each section help to situate the writers in their historical and intellectual context and to alert students to some of the central issues that arise in the texts this book offers an economical and useful approach to modern political thought

a man born to an elite family coacoochee used the power of his status in creative ways and miller uses his career to explain his leadership in terms of seminole knowledge and governmental structure showing that coacoochee s concept of leadership was linked as closely to spiritual as to political or military imperatives her account offers a more nuanced understanding of the seminole cosmos particularly the reality governing coacoochee s awareness of his own tribe s circumstances and of long standing borderlands disputes she draws on seminole american and mexican sources to help untangle the histories of various emigrant tribes to the borderlands she also examines the status of seminoles today in light of the suppression of coacoochee s story including modern seminole s attempts to recover their lost homeland at el nacimiento book jacket

who governs is a central question in political science typically political scientists address this question by relying upon either empirical analysis which explains existing political practices or normative analysis which orescribes ideal politcal practices

case study of rajasthan india

this introduction to the models political scientists use to describe and explain political life explores what policies governments pursue why governments pursue the policies they do and what the consequences of these policies are
