most people equate democracy with discussion speech and making one's voice heard but where does silence fit in democracy and the politics of silence investigates the largely overlooked role of silence in democratic politics it challenges conventional wisdom by arguing that silence can support and affirm democratic pillars and outcomes like empowerment inclusion and equality the book focuses on a particular set of problems concerning the relationship between political silence and the democratic triad of voice agency and representation each of the book's chapters draws on a selection of hand picked case studies both historical and contemporary including the naacp's silent parade in 1917 demonstrations by the women in black spain's post franco pact of forgetting trump's silent majority debates related to the representation of nonhuman beings and the famous miranda judgment on the right to silence together they offer an innovative ambitious investigation of democratically undesirable silences and practices of silence that are powerfully affirmative of democratic subjectivities aims and norms in thus expanding the repertoire of democratic citizenship mónica brito vieira invites readers to consider what silence might teach them about democracy this timely book should appeal to political science students and scholars as well as anyone interested in the history of democracies and popular resistance movements

rather than abstract philosophical discussion or yet another analysis of legal doctrine speech and silence in american law seeks to situate speech and silence locating them in particular circumstances and contexts and asking how context matters in facilitating speech or demanding silence to understand speech and silence we have to inquire into their social life and examine the occasions and practices that call them forth and that give them meaning among the questions addressed in this book are who is authorized to speak and what are the conditions that should be attached to the speaking subject are there occasions that call for speech and others that demand silence what is the relationship between the speech act and the speaker taking these questions into account helps readers understand what compels speakers and what problems accompany speech without a known speaker allowing us to assess how silence speaks and how speech renders the silent more knowable

izyldora dombaska 1904 1982 was a polish philosopher a student of kazimierz twardowski and his last assistant her output consists of almost 300 publications the main domains of her research were semiotics epistemology and broadly understood methodology as well as axiology and history of philosophy dombaska's approach to philosophical problems reflected tendencies that were characteristic of the lvov warsaw school she applied high methodological standards but has never limited the domain of analyzed problems in advance the present volume includes twenty eight translations of her representative papers as one of her pupils rightly wrote dombaska's works may help everyone to think clearly her attitude of an unshaken philosopher may help anyone to hold oneself straight and if necessary to get up after a fall

this book constitutes a significant contribution to political discourse analysis and to the study of silence both from the point of view of discourse analysis as well as pragmatics and it is also relevant for those interested in politics and media studies it promotes the empirical study of silence by analysing metadiscourse about politicians silence and by systematically conceptualising the communicativeness of silence in the interplay between intention to be silent expectation of speech and relevance of the unsaid three cases of sustained metadiscourse about silent politicians from germany are analysed to exemplify this approach based on media texts and protocols of parliamentary inquiries ideals of political transparency and communicative openness are identified as a basis for disappointed expectations of speech which trigger and determine metadiscourse about politicians silences finally the book deals critically with the role of those who act as advocates of the public's demand to speak out

this book examines the intersections of silence with immersive arts and experiences silence and immersion may seem antithetical while immersion is supposedly induced by acoustic and other stimuli silence is commonly understood as the absence or opposite of sound since the eighteenth century however silence has been established as a multifarious and polyvalent cultural concept immersion in turn though often used as a simple all inclusive term has old and complex ontological and epistemological roots organized into three parts this book brings critical historical and theoretical debates on silence into dialogue with different notions of immersion the 16 theoretical articles and case studies engage in discovering and questioning the continued prominence of both concepts in aesthetics culture and media covering music film digital visual and performance art theater video games and theme parks the chapters discuss both highly canonical and rarely examined artifacts written by scholars from germany austria france and switzerland the interdisciplinary collection includes perspectives from musicology film studies cultural and media studies gender studies art history and philosophy silence sounds music addresses both an academic and a wider audience it will be of interest to anyone interested in music sound immersive experiences the so called experience economy and contemporary

art and culture

in ancient greece the spoken word connoted power whether in the free speech accorded to citizens or in the voice of the poet whose song was thought to know no earthly bounds but how did silence fit into the mental framework of a society that valued speech so highly here silvia montiglio provides the first comprehensive investigation into silence as a distinctive and meaningful phenomenon in archaic and classical greece arguing that the notion of silence is not a universal given but is rather situated in a complex network of associations and values montiglio seeks to establish general principles for understanding silence through analyses of cultural practices including religion literature and law unlike the silence of a christian before an ineffable god which signifies the uselessness of words silence in greek religion paradoxically expresses the power of logos for example during prayer and sacrifice it serves as a shield against words that could offend the gods montiglio goes on to explore silence in the world of the epic hero where words are equated with action and their absence signals paralysis or tension in power relationships her other examples include oratory a practice in which citizens must balance their words with silence in very complex ways in order to show that they do not abuse their right to speak inquiries into lyric poetry drama medical writings and historiography round out this unprecedented study revealing silence as a force in its own right

a wide ranging inquiry into the nature and possibility of restoration

When somebody should go to the books stores, search establishment by shop, shelf by shelf, it is in reality problematic. This is why we present the books compilations in this website.
