a sweeping history of the drama intrigue and rivalry behind the creation of the postwar economic order when turmoil strikes world monetary and financial markets leaders invariably call for a new bretton woods to prevent catastrophic economic disorder and defuse political conflict the name of the remote new hampshire town where representatives of forty four nations gathered in july 1944 in the midst of the century s second great war has become shorthand for enlightened globalization the actual story surrounding the historic bretton woods accords however is full of startling drama intrigue

and rivalry which are vividly brought to life in benn steil s epic account upending the conventional wisdom that bretton woods was the product of an amiable anglo american collaboration steil shows that it was in reality part of a much more ambitious geopolitical agenda hatched within president franklin d roosevelt s treasury and aimed at eliminating britain as an economic and political rival at the heart of the drama were the antipodal characters of john maynard keynes the renowned and revolutionary british economist and harry dexter white the dogged self made american technocrat bringing to bear new and striking archival evidence steil offers the most compelling portrait yet of the complex and controversial figure of white the architect of the dollar s privileged place in the bretton woods monetary system who also very privately admired soviet economic planning and engaged in clandestine communications with soviet intelligence officials and agents over many years a remarkably deft work of storytelling that reveals how the blueprint for the postwar economic order was actually drawn the battle of bretton woods is destined to become a classic of economic and political history

first published in 1987 this volume explores the inter war unemployment problem and the development of economic and social policy in relation to that problem contemporary policies and levels of unemployment can only be compared with the inter war period and in recent years economists and other commentators have increasingly turned their attention to the 1930s this book is written by a group of expert historians and policy analysts who have been in the forefront of recent research in particular new insights into economic policy which have come from the release of cabinet and departmental papers at the public record office are revealed recent economic theory is also taken into account and the findings question established views on many grounds new economic lessons from the 1930s are suggested and some astonishing similarities to the 1980s and demonstrated this work will be essential reading for students of modern british history and economic and social history as well as economic policy and government and politics

tests teacher s editions parent child actives workbooks reteaching comprehension vocabulary challenge skill practice teaching charts transparencies

interest and capital analyses kalecki s distinctive approach to money and its circulation in the capitalist economy toporowski shows how kalecki s critique of the bretton woods system casts new light on the monetary imbalances that have caused recent disruption to the international economy

help teachers reflect shift perceptions and find more effective approaches for teaching their students based on the best selling book how to teach students who don t look like you this guide gives staff developers and workshop leaders the tools to facilitate book study groups seminars and professional development events that help teachers close the achievement gap for culturally and ethnically diverse students facilitators will be able to demonstrate culturally appropriate and research based teaching strategies for diverse learners and lead discussions on topics that include identifying cultural factors that influence educators perceptions of their students creating supportive school cultures and learning environments understanding learners communication styles classroom behaviors and learning needs developing and strengthening students reading and writing skills building relationships and community with students the chapter by chapter study guide follows the

same format as the companion book and features activities discussion questions suggestions for practical applications chapter summaries handouts resources for extending learning sample agendas for half day one day and three day workshops a workshop evaluation form the facilitator s guide to how to teach students who don t look like you is ideal for staff developers or anyone leading professional development for groups of any size pairs small workshops or large seminars

recently students and scholars have expressed dissatisfaction with the current state of economics and have called for the reintroduction of historical perspectives into economic thinking supporting the idea that fruitful lessons can be drawn from the work of past economists this volume brings together an international cross section of leading economists and historians of economic thought to reflect on the crucial role that money crises and finance play in the economy the book draws on the work of economists throughout history to consider afresh themes such as financial and real explanations of economic crises the role of central banks and the design of macroeconomic policies these themes are all central to the work of maria cristina marcuzzo and the contributions both reflect on and further her research agenda this book will be of interest to researchers in the history of economic thought and those who wish to gain a deeper understanding of the variety and diversity in approaches to economic ideas throughout history

waligorski shows why there is such resilience and viability to this brand of liberalism the chapter on keynes is as good a short piece on the economist as can be found anywhere

kenneth m dolbeare author of american political thought a coherent and insightful book by
a sagacious thinker charles e lindblom author of politics and markets

a systematic study contending that the distinctive theory of rationality found at the heart
of keynes philosophy moulded his economic theorist policy making scientific methodology
and politics it aims to resolve his departure from neoclassical economics to his radical
general theory

this novel offers a contemporary and explosive picture of the nuclear family which pivots
on the bizarre odyssey of a japanese father and son

rochon economics and banking kalamazoo college uses a horizontalist perspective to offer a
historical overview of the post keynesian and circuit approaches to endogenous money and
provides an informed critique of the development of post keynesian economics he argues
that rather than emphasizing the early writings of minsky kaldor and tobin in the 1950s
and of davidson and rousseas later post keynesians ought to have followed the writings of
joan robinson and richard kahn who offered better theories of credit money

from the war years through the 1950s this book looks at britain s employment policy
thoroughly analyzing its conditions character and implications for economic policy
