spirit of exploration and discovery they were about to embark on a mission that would change their lives forever however in the vastness of space even the most carefully laid plans can go awry an unknown technical malfunction shook the asteroid x spacecraft sending it on an unforeseen course toward an uncertain destination when calm was restored they found themselves stranded on a distant planet one that wasn't even recorded on their star maps a world lost in the vastness of the universe they soon realized that this new home was inhospitable and mysterious a place where life had adapted in incomprehensible ways but what took their breath away what defied all understanding was the alien species that inhabited this planet ruthless warriors with unwavering determination and an insatiable thirst for blood the aliens regarded the intruders from asteroid x as an existential threat as days turned into nights and nights into days the asteroid x crew found themselves caught in a desperate struggle for survival each dawn was a battle for life and each dusk an opportunity to regroup heal wounds and plot escape plans together they would face insurmountable obstacles unexpected allies unsettling betrayals and an epic final battle in a world where life itself was a constant challenge this is the account of their odyssey the chronicle of their fight to survive on a hostile alien planet and the epic tale of their wait for rescue

this book offers a critical examination of certain ideas and values such as remembering forgiveness story telling through truth and reconciliation commissions etc that under gird the transitional practices and mechanisms of societies emerging from conflicts it does so by making the survivors experience the supreme and ultimate judge of the legitimacy of such practices while many scholars have dealt with these topics this book provides a unique perspective on them by using personal stories narratives and memoirs of the survivors as a checking point of the theoretical elaboration of these ideas and values by means of an existential phenomenological analysis of the situation of survivors of gross human rights

violations the book assesses how many resources are still available to them so that they can contribute to the processes of reconstruction and reconciliation of their societies this analysis constitutes the background for reading the rest of the book which challenges some assumptions and presumptions of transitional practices such as healing through truth telling or providing justice through reparations it does so by presenting nuanced suggestions on the ways survivors can participate in the reconstruction reconciliation processes without jeopardizing their own well being

world war ii created the union between franklin roosevelt and winston churchill molding it from start to finish while the partnership itself shaped many of the most significant moments of the war and the peace that followed their connection was truly forged in war roosevelt and churchill continue to fascinate both the world war ii generation and those who have grown up in the world formed by that struggle here is an inside look at their relationship and the politics strategy and diplomacy of the british american alliance warren f kimball s lively analysis of these larger than life figures shows how they were at the same time realists and idealists consistent and inconsistent calculating and impulsive the result is an unforgettable narrative

revisits the war crimes trial of albert kesselring commander in chief of german troops in italy during world war ii who was sentenced to death for the killing of thousands of civilians in italy reveals how the commutation of that death sentence was one of the earliest maneuverings in the nascent cold war

combining political theory gender analysis and human psychology this book constitutes a brilliant contribution to all these fields and is essential reading for scholars of war peace and human society it argues that the hope for peace lies in rediscovering a neglected aspect of human ontology
