a world list of books in the english language

the rhetorical act thinking speaking and writing critically third edition teaches liberal arts students how to craft and critique rhetorical messages that influence the text is a compelling invitation to students of communication and language arts to become articulate rhetors and critics of their symbolic universe consistent with the first two editions the third edition takes as its starting point a traditional humanistic approach to rhetoric the book reaffirms the ancient aristotelian and ciceronian relationships between art and practice that you cannot master rhetorical skills without an understanding of the theory on which such skills are based the rhetorical act third edition departs from traditional textbooks in several ways it treats rhetorical action as the joint effort of rhetor and audience emphasizing the audience s active collaborative role students will encounter critical models for recognizing the opportunities and constraints of rhetorical action this book will help your students become discerning speakers and critics who can assess situations conceive rhetorical possibilities examine and produce actual rhetorical messages and compare their efforts and those of fellow students to the discourse of journalists politicians advertisers and other public persuaders

this text's learning model helps students improve interpersonal competence through conceptual understanding, modelling of realistic examples, practicing of skill building exercises, self assessment and translating learning into behaviour

the many narrative cases in this book offer dramatic real life snapshots of interpersonal theory in action, written by established communication scholars and reflecting carefully conducted research. Each case helps you apply abstract principles to specific situations, people and relationships. As you read these cases you'll also learn to appreciate how multiple communication dynamics work together to shape what happens in human interactions. For example, how a case focusing on self disclosure also gives you insights into such issues as timing, context and style of communication. And as you identify patterns revealed in the cases you'll develop the ability to detect these patterns in your own interactions and ultimately make more informed choices about which patterns to foster and avoid in your interpersonal relationships.

the theories presented show introductory students how communication affects everyday experiences and how theory can be applied to be more effective in relationships and activities. The text covers both historical and established theories and focuses on a number of new theories that have emerged in recent years, such as cultural studies theories, critical theories and feminist theories.

this text presents a clear and concise explanation of argumentation and provides models for good argumentation, particularly as it applies to academic debate.

offering popular and scholarly selections, this book helps readers better understand concepts in interpersonal communication and offers practical advice to facilitate more effective communication. The interpersonal communication reader features brief, engaging selections on topics ranging from basic principles of interpersonal communication, verbal and nonverbal messages and interpersonal relationships to topics that are rarely covered in depth in other books, such as feedback, gossip and apologies. Emphasizing the practical skills of interpersonal communication and relationships, the selections also highlight the theoretical and research foundations on which these skills rest for anyone interested in interpersonal communication.

covering the latest codes and standards and the energy independence and security act, this edition includes information on software packages from the best practices program of the U.S. Department of Energy and emerging technologies such as oxy fuel combustion, high efficiency burners, enhanced heat exchangers and ceramic membranes for heat recovery.
