charlotte perkins gilman's provocative utopian novel herland first published in 1915 tells its story through the observations of three male explorers who discover a land inhabited solely by women the women reproduce through parthenogenesis asexual reproduction initially skeptical the explorers come to realize that herland has evolved into an ideal cooperative matriarchal society fertile peaceful and clean by selectively reproducing the women's best attributes as the explorers study herland culture they also rethink their own this edition reproduces the text originally published in the forerunner in 1915 including several passages omitted from other editions stories poetry and nonfiction writing by gilman on topics such as birth control capital punishment and eugenics provide a rich context for the novel materials originally published alongside herland in 1915 many of which have never before been republished are also included as is an excerpt from the sequel with her in ourland

this volume completes the edition's coverage of henry fielding's journalism which occupied a far greater part of his time than has been traditionally acknowledged his contributions to the champion are not only among his most energetic and intriguing works in the genre they also have a dense political background of interest to historians studying the interface between journalism and politicians of the time as well as the role of newspaper publishers walpole figures hugely and the extent to which fielding hints at the minister's life and activities is remarkable much of the volume's material has never been reprinted before explanatory annotations are full as the characteristically allusive and topical nature of fielding's writing requires appendices provide an analytical textual apparatus and the editorial introductions emphasize matters such as genesis and composition circumstances of publication in addition to immediate biographical literary and historical backgrounds

this is the second volume in a two part set on the writings of thomas salmon salmon 1647 1706 is remembered today for proposing a radical reform of musical notation these writings are the subject of volume i later in his life salmon devoted his attention to an exploration of the possible reform of musical pitch and raised questions about the meaning and the source of musical knowledge similar to those he raised in his work on notation benjamin wardhaugh presents the first published scholarly edition of salmon's writings on pitch previously only available mostly in manuscript

the oxford handbook of early christian apocrypha addresses issues and themes that arise in the study of early christian apocryphal literature it discusses key texts including the gospel of thomas the gospel of mary the gospel of peter letters attributed to paul peter and jesus and acts and apocalypses written about or attributed to different apostles part one consists of authoritative surveys of the main branches of apocryphal literature gospels acts epistles apocalypses and related literature and part two considers key issues that they raise these include their contribution to our understanding of developing theological understandings of jesus the apostles and other important figures such as mary it also addresses the value of these texts as potential sources for

knowledge of the historical jesus and for debates about jewish christian relations the practice of christian worship and developing understandings of asceticism gender and sexuality etc the volume also considers questions such as which ancient readers read early christian apocrypha their place in christian spirituality and their place in contemporary popular culture and contemporary theological discourse
