a newly revised and updated look at the rising popularity of legalized gambling and its detrimental effects on individuals and society it is a call to action tony campolo

offering the first empirically driven assessment of the development marketisation regulation and use of online gambling organisations and their products this book explores the relationship between online gambling and crime it draws upon quantitative and qualitative data including textual and visual analyses of e gambling advertising and the records of player protection and standards organisations together with a virtual ethnography of online gambling subcultures to examine the ways in which gambling and crime have been approached in practice by gamers regulatory agencies and online gambling organisations building upon contemporary

criminological theory it develops an understanding of online gambling as an arena in which risks and rewards are carefully constructed and through which players navigate employing their own agency to engage with the very real possibility of victimisation with attention to the manner in which online gambling can be a source of criminal activity not only on the part of players but also criminal entrepreneurs and legitimate gambling businesses online gambling and crime discusses developments in criminal law and regulatory frameworks evaluating past and present policy on online gambling a rich examination of the prevalence incidence and experience of a range of criminal activities linked to gambling on the internet this book will appeal to scholars and policy makers in the fields of sociology and criminology law the study of culture and subculture risk health studies and social policy

youth gambling represents a potentially serious public policy and health issue nevertheless the rise in youth gambling issues and problems in the global context is not matched with a parallel increase in research on adolescent gambling as such there is an urgent need to conduct more studies on adolescent gambling behaviour recently significant advances in the knowledge of the risk factors associated with adolescent problems has emerged this book addresses issues related to prevalence assessment prevention and treatment of youth gambling problems as well as concerns related to technological changes associated with youth problem gambling

never before in our history have we witnessed such an explosion of worldwide gambling opportunities our love affair with gambling points to its widespread appeal as a socially acceptable leisure activity however gambling once thought to be strictly an adult activity has become an increasingly popular pastime among adolescents whether engaged in wagering on games of personal skill poker amongst friends purchasing lottery tickets sports wagering casino gambling or gambling over the internet its popularity among the young is on the rise there is growing evidence that large numbers of adolescents remain actively involved and engaged in almost all forms of both regulated and unregulated gambling activities in spite of age restrictions while gambling addiction is recognized as a psychiatric disorder there is a common misconception that adults are the only sufferers yet data from around the world point to high levels of gambling problems amongst adolescents with rates of adolescent gambling problems being between 2 4 times those of adults based upon a growing body of evidence this book provides a better understanding of our current knowledge concerning the causes and extent of youth gambling problems using real life examples derevensky shows how adolescents gain access to gambling activities what issues arise from those activities and the tools we have available for assessing problem gambling among youth he provides clear and practical strategies for the prevention and treatment of youth with gambling problems and points the way to understanding the extent and consequences of enabling youth gambling
