publisher description

in this new history david edgerton invites us to rethink how technology is used for instance horses contributed more to nazi conquests than the v2 in influence ikea founder ingvar kamprad matches bill gates and corrugated iron is not dead yet

the technical problems confronting different societies and periods and the measures taken to solve them form the concern of this annual collection of essays volumes

contain technical articles ranging widely in subject time and region as well as general papers on the history of technology in addition to dealing with the history of technical discovery and change history of technology also explores the relations of technology to other aspects of life social cultural and economic and shows how technological development has shaped and been shaped by the society in which it occurred

designed for use at the college level as a textbook for military history courses or supplemental reading for world history courses this text offers an introduction and original synthesis of global military history each chapter traces key developments in military institutions and practices set in three crucial contexts politics and institutions social structures and economics and cultures primary sources throughout the text give students a look at the writings historians use to draw conclusions while issue boxes raise and explore historiographical controversies in military history a two volume format follows the usual division of world and western civilization courses and allows a standard semester split of military history survey courses volume one covers 2000 bc through 1500 ad volume two covers the dawn of global warfare in 1500 through the present

grunden s analysis of this fundamental flaw in the japanese war effort seamlessly weaves together science technology and military history to provide an entirely unique look at a crucial but understudied aspect of world war ii comparing the science and weapons programs of all the major combatants he demonstrates that japan s failure was nearly inevitable given its paucity of strategic resources an inadequate industrial base the absence of effective centralized management to coordinate research military hostility toward civilian scientists and bitter interservice rivalries in the end japan could not overcome these obstacles and thus failed to make the transition to the kind of big science it needed to ward off its enemies and dominate the far east book jacket

in the tradition of mark kurlansky s cod and david bodanis s e mc2 the battery is the first popular history of the technology that harnessed electricity and powered the greatest scientific and technological advances of our time what began as a long running dispute in biology involving a dead frog s twitching leg a scalpel and a metal plate would become an invention that transformed the history of the world the battery from alessandro volta s first copper and zinc model in 1800 to twenty first century technological breakthroughs science journalist henry schlesinger traces the history of this essential power source and demonstrates its impact on our lives volta s first battery not only settled the frog s leg question it also unleashed a field of scientific research that led to the discovery of new elements and new inventions from samuel morse s telegraph to alexander graham bell s telephone to thomas edison s incandescent lightbulb and recent advances like nanotechnology are poised to create a new generation of paradigm shifting energy sources schlesinger introduces the charlatans and geniuses paupers and magnates attracted to the power of the battery including michael faraday guglielmo marconi gaylord wilshire and hugo gernsback the publisher and would be inventor who coined the term science fiction a kaleidoscopic tour of an ingenious invention that helped usher in the modern world the battery is as entertaining as it is enlightening

Getting the books **Communication In History Technology Culture Society** now is not type of inspiring means. You could not isolated going later ebook deposit or

library or borrowing from your contacts to gain access to them. This is an extremely easy means to specifically acquire lead by on-line. This online broadcast

Communication In History Technology Culture Society can be one of the options to accompany you taking into account having further time. It will not waste your time. say yes me, the e-book will agreed look you extra event to read.
