informal learning also called free choice learning or out of school time is a relatively new field that has grown exponentially in the past 15 years research on the learning and teaching that takes place in these non traditional non classroom environments such as museums gardens afterschool and community programs has enjoyed tremendous growth yet we still need to understand much more and more deeply how people actually interact participate and learn in such settings putting theory into practice tools for research in informal settings is designed as a research and practice toolkit offering a range of theoretically well grounded methods for assessing learning for life in diverse settings and among diverse populations we pay special

attention to the full complexity challenges and richness involved in such research into learning in places like museums aquariums after school clubs and gardens putting theory into practice serves both researchers and practitioners as well as a more general audience this book offers several field tested methods for building empirically based informal learning settings and research deeply grounded and guided by theory sociocultural theory broadly defined forms the unifying theoretical framework for the different qualitative studies presented each chapter clearly lays out the theoretical underpinnings and how these inform the suggested methods the chapters are written by recognized experts in the field and each addresses in its own way the synergy among different learning contexts and the benefits of studying how contexts influence learning together they give voice to the diversity richness and complexity of the study of learners and learning for life

anthropologists who are employed to change the worlds they are researching find themselves in a potentially contradictory position combining the various roles and expectations involved in working with gypsies and local government at the same time as conducting anthropological research provides the overall perspective of this study it is an unusual and effective balance of insightful ethnography and anthropological theory with the perspective of someone employed to carry out applied work an effective and creative use of metaphor structures the entire work and allows complex ideas to be conveyed in an accessible way drawing upon traditional anthropological approaches such as kinship and story telling and engaging with the works of major social theorists such as weber bourdieu and foucault as well as the work of contemporary anthropologists this work demonstrates the use of anthropology in understanding changing situations and in deciding how best to manage such situations
