please note this is a companion version not the original book
 sample book insights
 1 your brain is focused on survival and it is not easy being a survivor you have inherited a brain that is focused on survival and it is not easy being a survivor
 2 the four happy chemicals are dopamine endorphin oxytocin and serotonin they are triggered when your brain sees something that is good for your survival and they turn off when something bad crosses your path
 3 the human brain has a limbic system which is made up of the hippocampus amygdala pituitary hypothalamus and other parts the human brain is surrounded by a huge cortex your cortex and limbic system are always working together to keep you alive
 4 your inner mammal rewards you with good feelings when you do something good for your survival each of the happy chemicals motivates a different type of survival behavior dopamine motivates you to get what you need even if it takes a lot of effort endorphin motivates you to ignore pain and so on

marianne north was a victorian figure of some consequence an amateur botanist and painter she journeyed to the world s farthest reaches to its ancient and new civilizations she also wrote one of the major travel accounts of the victorian period written after she retired from travel because of ill health recollections of a happy life incorporates journals and letters from throughout her travelling years the huge manuscript left at her death was reduced and edited by her sister and published in 1892 in three volumes volume 1 is reprinted here in a new introduction susan morgan raises issues of gender imperialism and the victorian approach to science

what intelligent person has never pondered the meaning of life for yuval lurie this is more than a puzzling philosophical question it is a journey and in this book he takes readers on a search that ranges from ancient quests for the purpose of life to the ruminations of postmodern thinkers on meaning he shows that the question about the meaning of life expresses philosophical puzzlement regarding life in general as well as personal concern about one s own life in particular lurie traces the emergence of this question as a modern philosophical quandary riddled with shifts and turns that have arisen over the years in response to it tracking the meaning of life is written as a critical philosophical investigation stretching over several traditions such as analytic philosophy phenomenology and existentialism it maps out a journey that explores pivotal responses to this question drawing especially on the thought of tolstoy wittgenstein sartre and camus and exploring in depth the insights these thinkers offer regarding their own difficulties concerning the meaning of life in the book s four sections lurie discusses tolstoy s challenge to experience the religious and transcendental meaning of life by choosing a simple hardworking existence wittgenstein s focus on ethics and discovering the sense of the world his conclusion that the question of the meaning of life makes no sense and his turning to experience the mystical aspect of the world sartre s positing of freedom as the basis of human life stipulating a personal answer to the question of the meaning of life and camus view of the absurdity of life unalleviated by any personal meaning guided by these views lurie imparts new insight to ideas that underlie our concern with life s meaning such as the difference between attitudes toward life and beliefs and opinions about life the meaning of words versus the meaning of events shared meanings versus personal meanings and the link between ethics and personal identity tracking the meaning of life is no mere dry philosophical study but a journey that dramatically illustrates the poignancy of the quest for meaning showing that along the way it gradually becomes more obvious how personal meaning may be found in the pulsations of everyday life the book offers stimulating reading not only for scholars in philosophy but also for general readers who wish to see how their personal concerns are echoed in modern philosophical thought more than a description of a journey it is a map to anxieties and puzzlements we all face pointing to ideas that can guide readers on their own search for meaning
